#### **Summary:**

#### A. Plat Background

A plat is a map, drawn to scale, showing the divisions of a piece of land. It can delineate blocks, streets, alleys and easements. Further refinement often splits blocks into individual lots, usually for the purpose of selling the described lots, this has become known as subdivision. The statutory definition of subdivision according to Chapter 177.031(18), F.S. is "the division of land into three or more lots, parcels, tracts, tiers, blocks, sites, units, or any other division of land; and includes establishment of new streets and alleys, additions, and resubdivisions." Upon the filing of a plat, legal descriptions can then refer to block and lot-numbers rather than portions of sections. In order for plats to become legally valid, a local governing body must review and approve them.

In Broward County, such legal authority is bestowed upon the Broward County Commission as stipulated within Article 7 of the Broward County Administrative Rules Document. Section 7.2 - 'Countywide Platting Authority' states that "No plat of lands lying within Broward County, either in the incorporated or unincorporated areas, may be recorded in the Official Records prior to approval by the County Commission." Section 7.4 provides for the input of each local government within Broward County, whereby a plat application must first be approved by the local jurisdiction before final approval with the County Commission. That section states that "local Jurisdictions shall require platting at least in those circumstances where the Broward County Land Use Plan requires platting."

#### B. Request

The subject property has a land use designation of Residential High and Planned Development-Infill (PD-I) zoning. On July of 2019, the City Commission approved the PD-I Zoning and a Site Plan consistent with the PD-I Master Plan is scheduled for the January 19, 2022 DRC Hearing.

The proposed development is a 19-story mixed use building with 28 residential units and ground floor commercial. The proposed Plat will create two parcels, 'Parcel A' for the proposed mixed use project and Parcel B for right-of-way dedication. The Plat is restricted to "28 high-rise units and 4,000 square feet of commercial use. No more than 50 percent of the floor area will be used for commercial use."

#### C. Plat Purpose - Section 155.2410. PLAT:
