writing that no building permit will be issued until those conditions the Development Services Director finds reasonably necessary to insure compliance are met; and

WHEREAS, copies of the survey and final site plan are on file with the Department of Development Services, stamped with the meeting date of August 23, 2023.

IT IS THEREFORE ORDERED by the Board that the requested Major Site Plan Application for the above Project is hereby **GRANTED**, with the following conditions to which the Applicant has agreed to comply with:

Obtain approval and revise affected plans to address the following issues prior to Zoning Compliance Permit approval:

1. Density Bonus Option #1 was selected in order to qualify for an additional 20 units per acre in the Center Sub-Area portion of the project. Identify which strategy will be applied: a fee equal to 1% of the project's construction costs or \$250,000 whichever is less; or a piece of artwork valued at 1% of the project's construction costs or a maximum of \$250,000 whichever is less. If a piece of artwork is proposed, clarify where the artwork will be located. The artwork must be accessible to the public and may be displayed in public open spaces or areas along the street abutting the building. The art must receive a recommendation by the Public Art Committee and approval from the City Commission. Funds, or an appropriate bonding instrument, must be placed in escrow at the time of building permit and will be held until the art is approved after installation.
2. Comply with the Affordable Housing requirements as defined in Section 155.3709.K, by either setting aside a minimum of 15% of the proposed units as affordable housing or contribute the in-lieu-of fee for each unit, prior to building permit approval. If providing the 15% affordable housing, the City will apply Broward County Policy 2.16.3 or 2.16.4, whichever is more appropriate to generate the project's entitlements thereby preserving units in the ETOC basket of rights.
3. Standard conditions of approval and/or specifications required prior to Building Permit/Zoning Compliance Permit issuance:
 - a. Provide evidence that the project achieves 18 Sustainable Development Points.
 - b. Prior to Zoning Compliance Permit approval, a final School Capacity Availability Determination (SCAD) letter from the Broward County School Board must be provided to confirm that student capacity is available.
 - c. All overhead utilities located on the development site and/or along the public right-of-way fronting the development site must be placed underground, pursuant to Section 155.5509.
