Dear Members of the Planning & Zoning Board,

As a former Pompano Beach City Commissioner and the President of the Pompano Beach Historical Society, I am writing to strongly urge your approval of the McNab House & Gardens project at the upcoming meeting.

This project has been discussed and planned for years, and it is now time for action. The McNab House is one of our city's most significant historical landmarks, and transforming it into a public asset will preserve our heritage while creating an amenity that benefits residents, visitors, and future generations.

Further delays will only risk momentum, escalate costs, and slow the progress of an initiative that has overwhelming community support. Our city has invested considerable time and resources into planning this project, and the Historical Society is firmly committed to seeing it succeed.

I respectfully ask that you approve the McNab House & Gardens plans and allow this vital project to move forward without further postponement.

Thank you for your consideration and for your service to our community.

Sincerely,

Tom McMahon

Former Pompano Beach City Commissioner

President, Pompano Beach Historical Society
