Good Morning John,
I thought these emails be helpful in our meeting next week.

Be Well.

Yes I agree the street needs to be one way. It will make it much safer for pedestrians and help ease the traffic congestion.

Call me anytime if you want to discuss this.

Regards,

Lou

Good Afternoon Lou,

I would like to know if you have any thoughts similar to Andy regarding the conversion of Pompano Blvd. to one way north from NE2nd street to NE3rd?

Thank you.

Jeff Lantz

Thank you for touching base Andy I hope this finds you well.

Actually we are still working on this item and we hope to have something more for you in the very near future.

I have copied in Lou for his thoughts and comments.

Thank you and more to follow soon.

> I wanted to follow up with the discussion w all had a few months ago. We wanted to make the street in front of the restaurant to be one way traffic. It's getting way to congested and I almost got hit by a car the other day with people drinking into oncoming traffic to get around the valet line. It's just not safe any longer and as we get into season it's going to get even worst. Let me know if there is anything I can do to move this along. I'm certain the Valet company will be on board because things would run much smoother and faster.
