### Issue

Staff is seeking City Commission approval of an Ordinance to amend Ordinance 90-22. This amendment is necessary to abandon existing right-of-way on NW 11<sup>th</sup> Street and allow said right-of-way to become part of McNair Park (see Location Map).

### Recommendation

Staff recommends Approval of the Ordinance.

### Background

The City Commission upon a request to abandon certain right-of-ways and a series of utility easements approved Ordinance 90-22, enacted in January 1990 (see Exhibits "A-B"). Exhibits A-E were inserted as backup depicting the abandonments. Upon further review triggered by a City request related to McNair Park, the Broward County Property Appraiser's Office (BCPA) advised that Exhibit C of the Ordinance had the wrong legal description.

This Ordinance seeks to rectify the legal description and abandon that portion of right-of-way on NW 11<sup>th</sup> Street (see revised Sketch and Legals Exhibits "C-E").
