MEMORANDUM #2023-70

DATE: March 27, 2023

TO: Gregory P. Harrison, City Manager

FROM: Nathaniel J Watson, Utilities Field Superintendent

VIA: Brian Donovan, Assistant City Manager
A. Randolph Brown, Utilities Director

SUBJECT: Addendum #2 / Sanitary Sewer Agreement w/ Lauderdale by the Sea

Approval Request:

City Commission approval to execute Addendum #2 to the June 14, 2005 Sanitary Sewer Agreement entered into between the Town of Lauderdale By The Sea and the City of Pompano Beach.

Explanation:

The Town of Lauderdale by the Sea and the City executed a Sanitary Sewer Agreement June 14, 2005. The agreement specified that the Town would plan, design, and construct, in phases, sanitary sewer systems within areas of the Town. Addendum #2 is a modification to the 2005 agreement for the newly constructed wastewater system within the Palm Club neighborhood. Execution of addendum #2 would formally convey the sanitary sewer system to the City in effort to collect and deliver wastewater flow from the Town.

Recommendation:

The Utilities Department recommends approval of Addendum #2 to modify the June 14, 2005 Sanitary Sewer Agreement to accept the conveyed utility assets and to provide wastewater collection services to the Town of Lauderdale by The Sea for the Palm Club neighborhood. Execution of the agreement also fulfills City Strategic Goal #4 / Objective #6 which adds 119 customers to the system and protects the environment from abnormal wastewater discharge / spills. No Fiscal Impact.
