MEMORANDUM

November 16, 2023

To: Mark Berman, City Attorney

Through: Greg Harrison, City Manager
Suzette Sibble, Assistant City Manager

From: Jeff Lantz, Parking Manager

Subject: Ordinance Amendment

I respectfully request an amendment to Parking Ordinance 70.11 to add specific wording to allow for current and future electronic parking technology. This could include, but not limited to the use of electronic devices such as cameras to monitor parking concessions which would assist the City Parking Enforcement staff.

In such areas or situations where this technology is to be used, any citations captured by such device will be subject to the review and acceptance of the City Parking Manager or their designee.

No electronic parking technology device or software shall be utilized for the purposes of parking enforcement unless the device or type of technology have been approved by City Commission for use.

Respectfully Submitted:

Jeff Lantz – Parking Manager
