Again reiterating ,I am forwarding you my letter of late and I still do not wish for a group of rehappers (17)to be exact to be moved into one house near me .if I need to come to the meeting I will make sure it's on my schedule ! This is wrong it is a family neighborhood not a drug rehab neighborhood . We all cannot afford the insurance the weight this house brings upon our neighborhood ! Please advise see below
Kathy Gassner

I just received your letter from the city representing someone who bought the “million dollar home” which I was shocked to see that You were requesting approval or disapproval of them moving in this neighborhood. Our insurance rates just keep climbing due to values of this kind.

I am totally against moving a group of drug rehabilitation people into my neighborhood . I have been here 13 years and the first year young kids in the neighborhood vandalized my new home. It has been pretty quiet for the most part since then and would like to see it stay that way . It is mostly families except for a couple houses that have 10 people coming and going. It's horrible on holidays as they were parking on my swale until I had my sprinklers come on then they stopped but they are parking on side yards and back yards and it doesn't seem appropriate at all Feels like junk yards homes. It doesn't seem Pompano really cares much about this . I will be coming to the Public Meeting on 10/17 to express my feelings
Thank you
