MEMORANDUM NO. 24 – 18

DATE: May 21, 2024

TO: Greg Harrison, City Manager

Via: A. Randolph Brown, Utilities Director 

FROM: Richard Johnson, Utilities Treatment Plants Operations Manager 

C: Phil Hyer, Utilities Treatment Plants Superintendent
Kiandra Russ, Contract Specialist

SUBJECT: Request for Renewal of Service Contract – Condo Electric Motor Repair Corporation.

Issue:

This service contract is for planned and emergency repair, rehabilitation, modification, and replacement of various electric motors, pumps, gearboxes, valves and associated treatment plant equipment.

Background:

The Water and Reuse treatment plants have many individual pieces of equipment which, from time to time, require maintenance, repair and rehabilitation outside the scope of work of our Maintenance department. The need for ongoing repair and rehabilitation of this critical equipment is crucial in order to maintain the operations of both plants and ensure the City's ability to provide treated water.

Condo Electric Motor Repair, Corporation has been performing these services for the Pompano Beach Treatment Plants as a piggyback agreement between various cities and Condo Electric Motor Repair, Corporation for a number of years. This recent agreement between the City of Plantation and Condo Electric Motor Repair, Corporation was competitively bid.

Recommendation:

The Utilities Department recommends the renewal of this contract for services on an as needed basis. Funding for these services is available in the following Utilities Water and Reuse Maintenance CIP and annual operating accounts: 420-7264-533.65-11; 420-7265-533.65-11; 412-3320-533.46-30; 412-3320-533.46-40; 412-3340-533.46-30.
