**MEMORANDUM NO: 2018-10**

**DATE:** November 27, 2017

**TO:** Otis Thomas, General Services Director

**FROM:** Robert McCaughan, Public Works Director *RAM*

**SUBJECT:** Request Emergency Procurement to Repair Hurricane Damaged Streetlights

---

The Public Works Department requests emergency procurement to repair/replace Seventeen (17) streetlight poles and streetlight fixtures that were damaged city-wide due to hurricane Irma. These missing streetlights have a potential adverse impact to the life and safety for pedestrian and motorists due to lack of illumination on the roadways.

We have contacted three vendors to acquire the attached quotes to ensure City pays fair price for this necessary work. Request that the work be awarded to Gerhold Electric Inc. who submitted the lowest bid in the amount of \$107,765. Budget Account 121-2156-521.46-10 should be utilized to make the award.

Please contact me if further information is needed regarding this issue.
