**City of Pompano Beach
Engineering Department
MEMORANDUM NO. 24-29**

Fax: (954) 786-4028

DATE: April 16, 2024

TO: Mark Berman, City Attorney

FROM: Anthony Alhashemi, Project Manager I

SUBJECT: Request for Resolution –Piggyback Musco Sports Lighting, LLC-
Community Park Softball Fields

Background:

This project involves replacing (16) deteriorating light fixtures and upgrading the lighting and equipment for the softball fields at Community Park. Additionally, the existing pole grounding and lighting protection will be upgraded to meet current codes and regulations. The new lighting will be mounted on existing poles and will offer improved performance, including guaranteed light levels of 50 foot-candles infield, 30 foot-candles outfield, and uniformity. The new lighting system will also feature BallTracker™ technology, which optimizes visibility of the ball in play without causing glare in the players' line of sight. The system will be controlled and monitored using the Control-Link® system, which provides remote on/off and dimming control as well as performance monitoring with 24/7 customer support. With the new lighting system, energy costs are expected to be reduced by up to 20% compared to the existing equipment.

Recommendation:

The City would like to utilize the Clay County, Various Equipment and Amenities for Parks & Playgrounds Contract with Musco Sports Lighting, LLC, in order to procure these services for the project. Musco Sports Lighting, LLC, has been used on previous City projects, including Kester Park, McNair Park & Mitchell Moore Park and has performed very well.

Attached please find the Agreement between City of Pompano Beach and Musco Sports Lighting, LLC which includes:

- Contract Documents between Clay County and Musco Sports Lighting, LLC
- Detailed Scope of Work/Proposal Summary

Please prepare the Resolution for Commission consideration of the attached Agreement in the amount of **\$615,000.00**

Thank you
