100.09 PLAT APPROVAL.

(A) Before any plat shall be admitted to the City Commission for record in the city, the plat shall be first presented to the City Engineer or other designated official, and shall show the street profile, grade, and necessary storm drainage system on the plat to the satisfaction of the City Engineer or other official. ("58 Code, § 44.14)

(B) The City Engineer shall record his approval on any plat submitted, as provided by division (A) to the City Engineer.

he has determined that the requirements for street profiles, grade, and necessary storm drainage have been met and that the legal description on the plat does not exceed the area actually platted thereon. The plat then shall be presented in the prescribed manner to the city Planning Board for further action as provided by the Charter and ordinances of the city.

Although shown on plans, please include in the narrative the proposed R/W dedication for Powerline Rd.

Required R/W for Powerline is 144' per City Code below. Currently, 110' R/W exists with a proposed 10' dedication. Depending on what's considered "center line of street" (see below highlight), may need to confirm whether 10' dedication is sufficient.

Dedication is not required on NW 4th Ct. or NW 4th St.

Street Name Starting Point Ending Point Required ROW width in Feet

Powerline Rd. Sample Rd. McNab Rd. 144

(C) Property owners required to dedicate required right-of-way in accordance with Zoning Code § 155.5704 shall only be required to dedicate half of the applicable right-of-way width to the center line of the street.

PLANNING

Plan Reviewer: maggie.barszewski@copbfl.com

Status: Review Complete Pending Development Order

Comments:

1. The subject property zoning is B-2, however the Land Use designation is split showing Low Residential on approximately half of the property. Therefore either a Land Use Plan amendment will be required or a Flex allocation must be approved. The County Land Use designation appears to also indicate Low Residential on the same area that the city reflects such use. This must be addressed prior to proceeding to the Planning & Zoning Board.
2. Please submit a complete proposed Plat that includes a cover sheet and succeeding pages delineating the proposed lots, dedications, and points of vehicular access per Section 155.2410.D. Review Standards such that the Plat shall meet all the standards listed in Article 5, Part 7 of the Code.
3. The 10-foot dedication must be listed on the cover page of the plat, along with a location map and the signature blocks of the following:

- City Commission: Asceleta Hammond & City Mayor Rex Hardin
- Planning & Zoning Board: Chair Fred Stacer
- Engineer: City Engineer John Sfiropoulos
- All Broward County-required signature blocks

4. Pages following the cover sheet should include, but are not limited to:

- Surveyor's Notes
- Plat restrictions
- A statement saying "All facilities for the distribution of utilities of electricity, telephone & cable shall be installed underground."

5. The 10-foot dedication shall be marked as such on the plat drawing.

Code Section 155.2410D. PLAT REVIEW STANDARDS shall be met and the plat shall meet all standards listed in Article 5, Part 7

6. Section 155.5101G.3. VEHICULAR ACCESS MANAGEMENT shall be met.

7. Please submit a survey including the entire subject property of the proposed plat.

8. Parcel B may have to be used for drainage from Parcel A; if so, a Unity of Title shall be required prior to approval of a Site Plan.

9. If Parcel B is necessary for the drainage flowing from Parcel A, please submit a site plan that includes Parcel B.

10. The plat cannot proceed for review by the Planning & Zoning Board until the County's DRR Report is emailed to Maggie Barszewski, and all items of such report are addressed on the plat.

11. Must submit a Title Certification addressed to the City, but can include the County and must be less than 6 months old.

12. Cover page signatures & surveyor signature must be submitted before City Commission placement.

13. All service provider letter must be submitted prior to placement on a City Commission agenda.
