Pompano Beach, Florida 33060

RE: CPTED Security Plan and Narrative for 3305 SE 5th Street Townhomes (3305 SE 5 ST
POMPANO BEACH FL 33062, folios 494306061060 and 494306061050)

Dear members of the Development Review Committee (DRC),

PLANW3ST is representing Applicant 3305 SE 5TH ST LLC, in pursuit of CPTED Security Plan approval for a Site Plan proposed at the above-referenced property. The subject property is a total of 21,000 sq. ft. (0.48 acres, located on the east side of Hibiscus Avenue, on the north side of SE 5th ST in Pompano Beach (refer to **EXHIBIT A** included with this narrative). Currently, the property houses 2 vacant buildings (previously an Assisted Living Facility), that will be demolished. The owner ("Applicant") intends to develop the property with 8 townhomes and related site and landscape upgrades.

A CrimeCast report was generated by CAP Index, Inc. (refer to **EXHIBIT B** included with this narrative; <https://capindex.com/>) utilizing 2025 crime data and 2023 census data, and provides CAP scores that designate levels of crime risk, as well as several maps that show specified levels of crime in the area of the proposed project. Scores and maps are provided for a maximum of 1-, 3-, 6-, and 12-mile radius from the project. This report identifies the different types of crimes that correspond to the CAP score for each max radius study area. For ease of understanding this data, the following categories should be made clear. For more information and the exact Federal Bureau of Investigation (FBI)'s offense definitions, please visit <https://ucr.fbi.gov/crime-in-the-u.s/2019/crime-in-the-u.s.-2019/topic-pages/offense-definitions> and <https://ucr.fbi.gov/nibrs/2012/resources/nibrs-offense-definitions>).

Crimes Against Persons- include:

Homicide- the willful killing of one human being by another.

Rape- The penetration of [certain body parts] ...without the consent of the victim.

Robbery- the taking of anything of value by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault- the unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury.

Simple Assault- assault where no weapon was used or serious or aggravated injury resulted to the victim (i.e.: stalking, intimidation, coercion, hazing, etc.).

Crimes Against Property- include:

Burglary- the unlawful entry of a structure to commit a felony or a theft.

Larceny- theft, excluding motor vehicle.

Motor Vehicle Theft- the theft of a motor vehicle.

Vandalism- to willfully destroy, injure, disfigure, or deface any public or private property, without the consent of the owner.

Crimes Against Society- include:

Disorderly conduct- any behavior that tends to disturb the public peace or decorum, scandalize the community, or shock the public sense of morality.

Drug Offenses- the violation of laws prohibiting the production, distribution, and/or use of certain controlled substances.

Trespassing- unlawfully entering land, a dwelling, or other real property.

Vagrancy & Loitering- remaining in an area or place in an idle or aimless manner; or going from place to place without visible means of support.

A summary of the CAP Index scores for the subject property is provided below, by study area radius.

2025 CAP INDEX SCORE SUMMARY	
MAX-1 (1-mile radius)	203 (2.03 times the national average of 100)
MAX-3 (3-mile radius)	297 (2.97 times the national average of 100)
MAX-6 (6-mile radius)	290 (2.90 times the national average of 100)
MAX-12 (12-mile radius)	359 (3.59 times the national average of 100)

Within all of Broward County's study areas [MAX-1 (1-mile radius), Max-3 (3-mile), Max-6 (6-mile), and MAX-12 (12-mile radius)] Crimes Against Society indicate to be most reported. Please see below for a Broward County Current "Top Crime Category" breakdown by study area.

BROWARD COUNTY CURRENT TOP CRIME CATEGORY, PER STUDY AREA							
MAX-1		MAX-3		MAX-6		MAX-12	
Crimes Against Society		Crimes Against Society		Crimes Against Society		Crimes Against Society	
191 median		259 median		240 median		259 median	

The report further summarizes the following for Broward County. Specific crimes reported may not fall within the top crime categories above.

- Within the Max-1 (1-mile) study area, **trespassing** is currently the most reported.
- Within the Max-3 (3-mile) study area, **homicide** is currently the most reported.
- Within the Max-6 (6-mile radius) study area, **trespassing** is currently the most reported.
- Within the Max-12 (12-mile radius) study area, **homicide** is currently the most reported.

The graphs on the following pages show past and future CAP Index Score trends for each Study Area as well as overall projections.

As shown above, the report also provides projections of crime based on past trends for the county, which will likely affect this project. The table below shows a summary of the current projections for Broward County per crime category.

PROJECTIONS IN CAP INDEX FOR BROWARD COUNTY, PER STUDY AREA (median)				
CRIME CATEGORIES	MAX-1	MAX-3	MAX-6	MAX-12
<i>Crimes Against Persons</i>	Decrease from 141 to 136	Decrease from 207 to 197	Decrease from 201 to 191	Decrease from 246 to 238
<i>Crimes Against Property</i>	Decrease from 150 to 147	Remains at 187	Remains at 183	Increase from 223 to 228
<i>Crimes Against Society</i>	Decrease from 191 to 179	Decrease from 259 to 245	Decrease from 240 to 230	Decrease from 259 to 252

The projections indicate that Crimes Against Property will increase within 6-12 miles of this property. Crimes Against Persons and Crimes Against Society will decrease within 1-12 miles of this property, while Crimes Against Property remain steady within 3-6 miles of this property.

These projections make CPTED a necessity for the success of this project. A CPTED plan has been drafted to incorporate several CPTED principles and techniques to deter crime, utilizing the icons shown in this narrative for each principle. The icons correspond to a location on the plan where the principle and technique is being applied.

The following CPTED Principles are addressed in the proposed Public Safety Security (CPTED) Plan, sheets PS-1 and PS-2. For more detail, refer to these drawings.

PRINCIPLE #1 – NATURAL SURVEILLANCE (See and Be Seen)

- Provide lighting to all vehicular use areas, to be continuously illuminated during all dark hours.
- Public parking spaces are naturally surveilled by visitors.
- Windows on 2nd level and above levels face the street, as well as the parking areas.
- Provide 180-degree wide angle peephole door viewers for all residential unit doors.
- Use carefully-focused bright soft lights with shielded fixtures.

PRINCIPLE #2 – ACCESS CONTROL

- Perimeter fencing is included for the residential units, separating visitor areas from private resident yards.
- Balcony railings are designed as open-style (not solid or opaque).
- Low hedges and shrubs are to be maintained at a maximum height of 2 feet in front of buildings.
- Lighting will be installed and maintained to avoid obstruction by landscaping, fencing, and other site elements.
- All mature trees will be maintained cleared of branches and leaves to allow proper visibility up to a minimum of 8 feet from grade.
- Lighting locations will avoid shrub and tree shading.
- Address signage will be prominently displayed & posted where necessary.
- All exterior doors must have non-removable door hinge pins.
- Include anti-pry robust security bar device (Charlie Bar) on any ground & second level sliding glass doors.

PRINCIPLE #3 – TERRITORIAL REINFORCEMENT (Sphere of Influence)

- Parking areas are delineated by changes in pavement color or material.
- Property will subscribe to the Broward Sheriff's No Trespass Program. Refer to CPTED Plan for signage locations · Post BSO No Trespass signs prominently with bottom edge

of sign at approximately a minimum of 6' to 7' feet in height from ground level for clear unobstructed viewing throughout property and from the site perimeter lines (refer to sheet PS-1 for locations). Secure signage robustly using sturdy fasteners at all corners to help prevent vandalism.

- Lights will be provided near unit doorways and site lighting will cover exterior door areas.
- Impact glass is used for all exterior windows.
- 180-degree wide angle viewers are included for all exterior doors.
- Building entrances will be enhanced with architectural elements, lighting and landscaping.
- Property Rule signage language must be clear and prominently posted in appropriate areas listing clear policies and regulations regarding authorized legitimate activities and/or unauthorized prohibited activities on the property.
- Parking spaces will be clearly and individually marked and assigned for owners/authorized guests use only.
- Tow away and unauthorized signage will be provided in the parking areas.
- Install convex security mirrors to increase visibility around blind corners, ramps & any points of intersection between vehicle lanes of travel & pedestrian pathways (refer to sheet PS-1 for locations).

PRINCIPLE #4 –MAINTENANCE (Broken Window Theory)

- Impact glass is used for all exterior windows.
- All common areas will be maintained to high standards, including entrances, signage, amenity areas, swales, and parking areas. Trash will be removed and landscaping will be maintained.
- Trees and shrubs will be pruned away from windows, doors, and walkways.
- Exterior lighting will be maintained in full function at all times.
- Rules will be strictly enforced regarding junk vehicles, inappropriate outdoor storage, and dumping.
- Exterior wall surfaces along the building perimeter must be treated with a graffiti resistant resin up to 8 feet to prevent vandalism.
- Ensure all publicly accessible exterior electrical power outlets have a lockable metal cover AND easily accessible secure internal cutoff switch.
- Ensure all publicly accessible exterior water outlet spigots have a nearby easily accessible secure locking cap.
- Costly equipment, such as ground floor exterior air conditioning units, must be clearly and permanently marked with serial numbers and images of equipment and serial numbers stored for criminal investigation.

PRINCIPLE #5 – ACTIVITY SUPPORT

- Sidewalk placement, if required, is adjacent to parking, which increases activity along the project front.

ELECTRONIC SURVEILLANCE

- Cameras will be vandal-proof and bullet-style. CPTED plan shows camera locations with 100-degree horizontal field of view (see UniFi <https://ui.com/us/en/camera-security/bullet>) and 180-degree view (see Boss Security Worldwide <https://bosssecurityworldwide.com/ipcy-180deg8mp-ad.html>).
- Building-mounted electronic surveillance is used to capture full coverage of parking areas (under building coverage and open to the sky) as well as private plazas and outdoor amenity areas.
- Cameras will be monitored by management or security personnel at an offsite location.
- All cameras will be strategically placed so they will not be obstructed by the growth of existing or future landscaping, as well as light poles.
- Each residential unit is pre-hardwired for burglar alarms in preparation of future owners installing a burglar alarm system.

Thank you for the opportunity and please do not hesitate to contact me with any questions.

Paola A. West, AICP, ISA-CA
President, Land Planner

CRIMECAST® PREMIUM PLUS REPORT

CRIMECAST® Reports indicate the likelihood of crime and loss occurring at any address in the United States, Canada, Mexico, and the United Kingdom. Each report includes CAP Scores designating the risk of crime as well as detailed maps depicting those risks within a defined radius around each location.

FALL 2025 CAP INDEX® SCORES

MAX-1: 203
MAX-3: 297
MAX-6: 290
MAX-12: 359

REPORT COMPONENTS

SCORING METHODOLOGY

This area indicates the scoring methodology being used. Reference the Appendix page for an explanation of the various methodologies.

CAP SCORES

The **National CAP Index® Score** indicates the overall risk of crime at the address.

The report also includes sixteen specific CAP Scores pertaining to **Crimes Against Persons**, **Crimes Against Property**, and **Crimes Against Society**.

CRIMECAST® MAPS

The **Site Map** shows the **Block Group Score** for each "neighborhood" surrounding a given location. The Site Map helps depict the potential origin of criminal activity occurring at the location.

Every 10 years, the Census Bureau designates block groups in the United States. With the 2023 release, the number of block groups increased from roughly 217,000 to over 239,000.

The CAP Index Scoring System assigns a numeric risk score and a corresponding risk shading to each block group.

FALL 2025 NATIONAL CRIME RISK SCORES

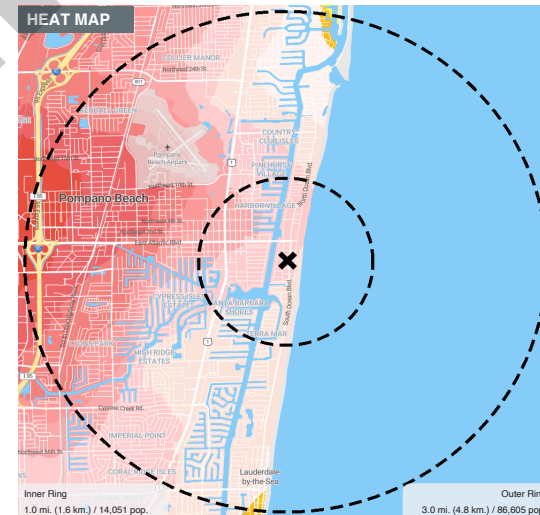

THIS SITE'S CAP INDEX® SCORE:

297

THE CRIME RISK AT THIS SITE IS 2.97
TIMES THE NATIONAL AVERAGE OF 100.

CRIMES AGAINST PERSONS	266	CRIMES AGAINST PROPERTY	285	CRIMES AGAINST SOCIETY	357
Homicide	329	Burglary	288	Disorderly Conduct	299
Rape	129	Larceny	286	Drug Offenses	338
Robbery	335	Motor Vehicle Theft	210	Trespassing	507
Aggravated Assault	258	Vandalism	210	Vagrancy & Loitering	670
Simple Assault	280				

CAP SCORE SCALE

The **Heat Map** provides an alternative view of the risk of crime within the map window. CRIMECAST® Heat Maps are developed by calculating the CAP Index® Scores for every point on the map and then shading its corresponding risk level.

CAP SCORE SCALE

CAP Scores range from 0 to 2000, with 0 representing the lowest risk and 2000 the highest; 100 is average. A score of 600 is 6 times the National Average, and a score of 25 indicates a risk that is 1/4 of the National Average.

ABOUT CRIMECAST SCORING

CRIMECAST
PREMIUMPLUS

THE CAP INDEX® SCORING SYSTEM

The CAP Index® Scoring System uses sophisticated forecasting techniques that combine demographic and business statistics with crime and loss data to calculate crime risk. The foundation of our forecasting approach is the “Social Disorganization Theory,” which asserts that higher degrees of social discord in a neighborhood tend to correlate with higher levels of crime.

SCORING METHODOLOGIES

CAP Scores for a specific business application are generated using one of four CAP Index® Scoring Methodologies. These scoring methodologies account for the fact that perpetrators often travel varying distances to commit crimes (the “journey to crime”) depending on the target. The scoring methodologies also consider the nature and attractiveness of different types of targets for different types of crimes. Each methodology designates a progressively larger “sphere of influence” that is used to assess the risk of crime. Each sphere is defined by a maximum geographic radius or a population threshold. These spheres have different components that drive the overall crime risk score. The inner part of the sphere focuses on the nearest neighborhoods and receives the majority of the weight. The outer part of the sphere considers more distant avenues of vulnerability and receives a minority of the weight.

Scoring Methodology	Outer Ring / Population for Assessment	Inner Ring / Population for Assessment
MAX-1	1 mile (1.6 km.) or 25,000 people	1 mile (1.6 km.) or 25,000 people
MAX-3	3 miles (4.8 km.) or 100,000 people	1 mile (1.6 km.) or 25,000 people
MAX-6	6 miles (9.7 km.) or 400,000 people	2 miles (3.2 km.) or 100,000 people
MAX-12	12 miles (19.3 km.) or 1,600,000 people	4 miles (6.4 km.) or 400,000 people

CAP SCORE SCALE

CAP Scores range from 0 to 2000, with 0 representing the lowest risk and 2000 the highest; 100 is average. A score of 600 is 6 times the National Average, and a score of 25 indicates a risk that is 1/4 of the National Average.

THE LEADERS IN CRIME RISK FORECASTING

CAP Index empowers organizations to make better-informed decisions throughout the security planning and security management cycle. Whether you are opening a new location, planning security measures for your existing locations, or conducting services off-site, our validated crime risk intelligence will help you create impactful security solutions to protect your customers, employees, assets, and your bottom line.

CRIMECAST® DATA & REPORTS

Quantify and visualize your risk with our detailed, industry-leading, site-specific crime risk reports.

RISK CONSULTING & ANALYTICS

Elevate your security program by having our team of consultants produce a crime risk scoring system tailored to your organization's needs.

TECHNOLOGY, PLATFORMS & MODULES

Manage your security planning process and loss prevention program from one dashboard.

HOW WE HELP: ASSESS YOUR RISK AND OUTSMART CRIME®

Make your customers, employees,
and assets safer

Optimize the return from your security
investment

Reduce litigation and avoid adverse
judgments

Reduce crime, loss, and claims

Ensure compliance with industry standards

Protect your brand
