P&Z #23-11000016

Larry Foulke
964 SE 10th Court

I am writing this email to express my objection of the recent notice for a variance to build dockage at 855 S Federal Highway. A car dealership does NOT need access to the canal - this dealership has never been a good neighbor to the WESTSIDE neighbors - I question what their motives are.

The natural line of Mangroves shields all of us from the Accardi dealership, as well as helps to stop the erosion from the passing boats. The Nancy Canal is not wide enough to accommodate escalated boat traffic or boat docks.

Since there is only one outlet to the Intercoastal Waterway (the Federal Highway Bridge) this car dealership's request for a variance will create even more commercial traffic.

Please decline the variance proposed #23-11000016.

Thank you in advance for your attention with this matter
