As a property owner within the 500 feet I do not approve of the proposed use for outdoor storage. Traffic is already difficult on 16th. Trying to go south from 16th on to power line is a life risk daily. Adding more slow pulling out and in traffic before that would be chaotic at best. It's already a mess with the lines formed for the scrap yard.

Also outdoor storage brings theft. We have had break ins where our trucks have had the catalytic converters stolen lately. Outdoor truck storage will just breed more of this and like.

Not to mention the unsightliness of another outdoor storage along power line.
