This is a request by the property owner to abandon right-of-way that was dedicated via tax deeds for several properties that have since been purchased for consolidation and development as part of the commercial property to the south. The affected properties include:

- the north and west 25' of Folio Number 484233054280 (herein after referred to as Parcel 1);
- the north 25' of Folio Number 484233054282 (herein after referred to as Parcel 2);
- the north 25' of Folio Number 484233054284 (herein after referred to as Parcel 4); and
- the north 25' of Folio Number 484233054283 (herein after referred to as Parcel 6).

The attached exhibit shows the subject parcels and rights-of-way. There have been no improvements to or utilities built in the dedicated right-of-way to be abandoned.

REVIEW AND SUMMARY

A. The following Service Providers commented on this request:

Code Compliance:.....No Objection
Fire Department:.....No Objection
Public Works Department:.....No Objection
Utilities Department:.....No Objection
FP&L:.....No Objection
AT&T:.....No Objection
TECO Gas:.....No Objection
Comcast Cable:.....No Response

B. Development Services Department staff submits the following factual information which is relevant to this abandonment request:

1. The right-of-way dedications are generally located on the north 25' of the subject lots and were intended to provide access to the subject lots. The dedications are not continuous and do not create any potential of forming a road or an alley for access to the lots that dedicated the land.
2. The SF homes to the north of the incomplete dedicated right-of-way were never intended to be accessed from the south. In fact, if this right-of-way were to ever become a legal road, the properties to the north would have to dedicate the southern-most 25' of their lots as right-of-way. The lots to the north were designed and built over 40 years ago to front on and have access to NW 2nd Street. There is no requirement to create a street or alley in the backyard of these lots.
3. The Applicant has purchased all the lots that dedicated this random right-of-way as well as the intervening lots that did not dedicate ROW (referred to in the attached Exhibit as Parcels 3 and 5). The Applicant has plans to consolidate and develop the lots without providing access from the north. The random dedications, therefore, are not needed to provide access to the lots that dedicated the land. Per note #2 above, the dedication was never intended to provide access to the rear yards of the lots to the north which were built to have access to and from NW 2nd Street.

C. Review Standards

Section 155.2431 D. 1. & 2. state that an application for vacation or abandonment of a public right-of-way or easement shall be approved only on a finding that all of the following standards are met:

1. The right-of-way or easement is not now, or in the foreseeable future, of any benefit to the city or its inhabitants; and
2. Vacation or abandonment of the right-of-way or easement is consistent with the comprehensive plan.

D. Staff Analysis

All of the service providers that have submitted comments have stated they have no objection to this request. Only Comcast failed to respond to the inquiry.

The abandonment of this easement meets the standards of Section 155.2431D.1. & 2, and therefore staff recommends approval of this request.

DEPARTMENT RECOMMENDATION

Given the information provided to the Board, staff provides the following alternative motions for the Board's review.

Alternative Motion 1:

Recommend approval to the City Commission as the Board finds that the easement abandonment meets the standards of Section 155.2431D.1. & 2. With the following condition:

1. That the Applicant provides the no objection letter from Comcast.

Alternative Motion 2

Table this abandonment request to allow time for the Applicant to address any outstanding issues identified by the Board, staff or the affected parties.

Staff recommends alternative motion number 1.
