Hello Everyone my name is Andrew "Avi" Goldfedder, I reside at 4948 NE 19th ave. I strongly encourage the city to defer the proposed decision until community input and further review are possible. The residents feel we were given fluff piece pr information regarding traffic, cost, and neighborhoods affected. I greatly hope the city and its staff will listen to residents of Pompano Beach. We feel left out of decision making process and railroaded by official croneyism. I speak only for myself and a few neighbors in Cresthaven, Riverside and behind Flanigans who all feel the city is a runaway machine with no accountability, they all expressed no hope that the city will listen to its residents. Let's prove them wrong, for we know the unexpected results of the last election prove the people of Pompano are tired with "business as usual". I will see what happens at the meeting tomorrow, god bless everyone.

Thank You

Avi Goldfedder
