Line	Responding Supplier	Supplier Notes
1	Kooler Ice Inc.	See attachment for notes.
2	Kooler Ice Inc.	This includes shipping, being there when connections are made, we will operate the fork lift on site, pre-deliver the machine and make sure everything is function properly and working properly, we will turn on the machine and train your on site team on the operation of the unit.
3	Kooler Ice Inc.	Since the City is responsible for managing, maintaining and operating the machine on a daily basis. Kooler Ice will come out every 3 months to clean, sanitize and do maintenance on the machine for \$800 each time this is done during the first year of operation. Normally this is a 5-7 hour event. Each time we are there we will train and show the local team how to do the maintenance and cleaning in the event the city wants to do it going forward. Also, while we are there we will review machines operation and answer any questions or retrain local personnel on the machine. Normally this cleaning and maintenance is done 1x every 6 months.
