

DEVELOPMENT REVIEW COMMITTEE

DRC Meeting Scheduled for

July 15, 2020

P&Z # 20-13000001

The undersigned has reviewed and evaluated the **REZONING APPLICATION** submitted to the City of Pompano Beach to determine its conformity with applicable City codes and requirements. Below are my comments and/or recommendations:

P&Z # 20-13000001

Owner: Whitney, LLC

Project name: Pompano Fire Station 103 Rezoning

Project location: 3500 NE 16TH Terrace

Request: The applicant is requesting approval of a REZONING order to rezone the property from CF to B-3, to allow for consistency and integration with the Shopping Center as an office use.

Agent: Anne Sophie Kiepe (561) 405-3323

Project Planner: Jean Dolan (954) 786-4045 / Jean.Dolan@copbfl.com

Commission District: 2

PLANNING

Plan Reviewer: Jean E. Dolan, AICP, CFM

Status: Review complete, pending Development Order

Comments

1. It is recommended that B-1 be requested rather than B-3 due to fact that the intensities and uses of B-3 are not compatible with the concept of commercial flex which is only for "local scale" commercial uses.

Response: Acknowledged.

2. Because the rezoning is made possible by the application of Commercial Flex, the conceptual site plan for the commercial flex will "fix" the entitlements allowed on the property rather than allowing the maximum intensity under the zoning category.

Response: Acknowledged.

3. The flex allocation and rezoning will be done as one ordinance and the conceptual site plan for the flex will be attached to the rezoning ordinance. It is important, therefore, that considerable thought be put into the conceptual plan to ensure the future configuration of the site is allowed by the conceptual plan.

Response: Acknowledged.

4. See zoning comments regarding issues related to the conceptual plan for the commercial flex/rezoning request.

Response: Acknowledged.

DEVELOPMENT REVIEW COMMITTEE

DRC Meeting Scheduled for

July 15, 2020

P&Z # 20-13000001

Comments

This P&Z application is able to meet all of the Fire Department requirements at this time for Site Plan Review. However, the petitioner shall maintain all proper fire department access and water supply requirements as per chapter 18 of NFPA 1 as amended from time to time.

*Additional comments may follow throughout the remainder of the permitting process. The buildings shall be in compliance with All NFPA Standards prior to receiving Fire Department approval.

Response: Acknowledged.

BUILDING DIVISION

Plan Reviewer: Carpelo Jeobaom, carpelo.jeobaom@copbfl.com

Status: Review complete, pending Development Order

Comments

07.07.2020

Advisory Comments

A preliminary examination of the documents has been performed; additional comments may apply when completed plans and/or specifications have been submitted for permitting to the building department.

Buildings shall comply with all local, state and federal codes in effect at time of application, including FEMA Floodplain, NPDES and HVHZ regulations.

FBC_BCA 105.2.3 Public service agencies/other approvals. The building official shall require that the laws, rules and regulations of any other regulatory AHJ, and where such laws, rules and regulations are applicable and are known to the building official, shall be satisfied before a permit shall be issued. The building official shall require such evidence, as in his or her opinion is reasonable, to show such other approvals.

Response: Acknowledged.

BSO

Plan Reviewer: Scott Longo, scott_longo@sheriff.org

Status: Review complete. No comments.

Comments

The services of an independent, experienced, qualified and certified Security Crime Prevention/CPTED Consultant are highly recommended for objective and credible security review integrity. This review does not guarantee a crime will never occur; it is an effort to mitigate opportunities for crime and to help avoid any present and future security deficiencies, conflicts, or liabilities that might occur without any review.

Response: Acknowledged.

UTILITIES

Plan Reviewer: Nathaniel Watson, Nathaniel.watson@copbfl.com

Status: Review complete, pending Development Order

Comments

7-7-2020

1. Please note that additional comments may be forthcoming contingent upon future submittals to the Pam and DRC review process.

2. The City of Pompano Beach Utilities Dept. has no comment at this time with regard to the requested REZONING approval to amend the zoning of the property from CF to B-3.

Response: Acknowledged.

LANDSCAPE REVIEW

Plan Reviewer: Wade Collum, wade.collum@copbfl.com

Status: Review complete, pending Development Order

Comments: Depending on proposed use, landscape requirements may need to be met in accordance with 155.5203. Please show the landscaping proposed on the conceptual site plan for the commercial flex.

Response: Acknowledged. Landscape plans have been provided as part of flex application.

ZONING

Plan Reviewer: Max Wemyss | max.wemyss@copbfl.com

Status: Review Complete Pending Development Order

Application is to rezone from CF to B-3 (Staff is recommending B-1) to accommodate a professional office associated with the adjacent commercial development.

Application addresses the Site Specific Review Standards.

Be advised of the following:

Residential Land Use will require the use of Commercial Flex for non-residential uses. Site Development will be limited to Conceptual Plan per Flex Ordinance.

For commercial developments, the number of vehicular access points along a street shall be minimized as necessary to protect the function, safety, and efficiency of travel on the street and any associated bikeways and sidewalks. (Section 155.5101.G.3.b)

- Staff requests limiting access to the greatest extent possible. If the site cannot be unified with the adjacent site, a shared access agreement will be required. This will allow the access to NE 16th Terrace to be permanently closed, if feasible.
- **Response: Acknowledged. The site can be unified with the adjacent shopping center and this will be the main point of access.**

Commercial development abutting residential uses must comply with Residential Compatibility Standards (Section 155.5604), intended to:

1. Provide effective transitions between single family residential uses and more intense uses;

10/21/20

DEVELOPMENT REVIEW COMMITTEE

DRC Meeting Scheduled for

July 15, 2020

P&Z # 20-13000001

2. Protect the character of existing single-family residential development from negative impacts resulting from more intense adjacent forms of development;
3. Limit the excessive consumption of available land through the utilization of large vegetated buffers in favor of development form and design treatments;
4. Limit interruptions in vehicular and pedestrian connections created by efforts to segregate uses; and
5. Establish or maintain vibrant pedestrian-oriented areas where differing uses can operate in close proximity to one another.

Commercial development abutting residential uses must provide a Type B Buffer (Section 155.5203.F.3) that is a minimum 10' wide containing a wall or fence, trees and hedges.

Response; Acknowledged. A landscape plan has been provided to demonstrate compliance with the buffer requirements. The small scale neighborhood office use will provide for a transition between the existing multifamily development and commercial uses located along Sample Road. Particular attention has been paid to landscaping adjacent to the residential community to the south. Petitioner is also proposing to access the property through the commercial shopping center, with only secondary access onto the residential street, which will be limited by the gate, but allow for safe egress for vehicles and emergency responders on an as-needed basis only.

SOLID WASTE AND RECYCLING

Plan Reviewer: Beth Dubow, beth.dubow@copbfl.com

Status: Review complete, pending Development Order

Comments

NOTE: As stated in the Pompano Beach Code of Ordinances, Chapter 96, including Section 96.12(D)(1), all construction and demolition debris removal is the responsibility of the owner. All solid waste generated within the geographic boundaries of Pompano Beach shall be collected by the franchise collector (Waste Management at the time of this writing) and disposed of as directed by the city disposal agreement. All materials shall be generated from the property on which the materials are placed for removal. Information regarding container size and hauling costs may be found in Chapter 96, Section 96.13.

NOTE: Additional comments may be necessary based upon revisions, additional plans and/or documents. Contact Beth Dubow at 954-545-7047 or beth.dubow@copbfl.com should you have any questions or concerns regarding this review.

Response: Acknowledged.

PLEASE NOTE: Applications that require resubmission to the DRC have 45 days from the time of original DRC meeting in which to resubmit. Applications that fail to be resubmitted before the completion of these 45 days, or fail to receive a time extension from the Development Services Director, shall be considered withdrawn (§155.2304.B).
