- Pompano Beach Cultural Center Entrance Mural (District 3)
  - Scheduled to be installed March 2026
- Abstract & Non-Representational Mural (District 3)
- Maintenance Projects (All Districts)
  - Continuous

# PROJECT DEVELOPMENT

# FY2026 PROPOSED ANNUAL PLAN PROJECTS

- Underwater Sculpture Garden Round 5 (District 1) (\$42,000): This program takes place every two years. This will be the fourth sculpture as part of this program. An Artist or artist team will be commissioned to design, fabricate, and install an artwork. The sculpture will be installed on-land at the beach for a period of one year before it is sunk and attached to the Lady Luck in Shipwreck Park. The artwork itself has a budget of \$35,000 and a \$7,000 budget for installation and other fees concerning installation and documentation.
- Ali Cultural Center Sculpture (District 4) (\$35,000): The City will commission an artist/artist team to design, fabricate, and install a sculpture to be placed at the north entrance of the Ali Cultural Center. The sculpture's theme is "Rooted Pride, Living Legacy." The artwork should honor the Black community of Pompano Beach's Northwest—its culture, history, pride, style, creativity, and resilience—acknowledging struggle while celebrating a future in motion and a legacy that never gives up.

- Atlantic Blvd. Coastal Entryway Mural (\$12,000): The City will commission an artist/artist team to design and install a painted mural on the east exterior wall of 3231 E. Atlantic Blvd. The area is an estimated 239.32 ft<sup>2</sup>. Theme for the mural would be to mark the entry/exit into Pompano Beach's Beach District as visitors cross the drawbridge. The artist will be asked to create a design that contains layered, abstracted forms drawn from the coastal environment, the bridge's structure, and the movement between land, water, and culture, rather than relying on literal or souvenir-style imagery. The location for the mural is ideal as the wall sits right before the east side of the Atlantic Blvd. bridge where cars have to wait to cross. The City will go into a License Agreement with the owners to lease the wall space.
- Opportunity Projects (\$10,000): The Public Art Committee sets aside funding to be able to take advantage of unknown opportunities throughout the year. As stated in the Master Plan, this is flexible money for new project ideas. This money could also be used as a small contingency for unknown expenses associated with other projects. All purchasing thresholds and building requirements will be met. Staff can take recommendations to the City Commission if it is deemed appropriate. Anything that would otherwise need Commission approval will be taken to the City Commission. Any Opportunity Projects will be reported in the next FY Annual Plan.

# QUESTIONS/ FEEDBACK

Detail of *Reef Life* by Taylor Smith AKA Dreamweaver located at the Pier Parking Garage and installed in FY 2023.
