meeting will be held on February 7, 2024, concerning Dr. MLK Boulevard development.

Rodrick Phillips, 2620 NW 10th Street, Pompano Beach, FL, shared his thoughts on addiction and homelessness. He suggested that the City should hire personnel to form a group that can go out into the community and discover the reasons for people being homeless. Mr. Phillips mentioned that he has a team of people who would be willing to do the work, but they need to be compensated. He also corrected a statement he made during the previous week's meeting, stating that Pompano Beach is the sixth-largest city in Broward County, the ninth-largest city in South Florida, and the 20th largest city in Florida. Lastly, he expressed his gratitude to the City for their assistance with the Tiger Trail Festival.

Vickie Jones, 3171 W. Atlantic Blvd., Pompano Beach, FL, spoke about Moreland's Alternative Educational Academy. She provided history of the Academy and described their student population.

A motion was made by Commissioner Perkins to give Moreland's Alternative Educational Academy \$5,000 from the contingency plan.

The motion died due to lack of second.

Donald Jacobs III, 2650 NE 10th Avenue, Pompano Beach, FL, spoke about the citations he received due to the City's installation of a sidewalk on his property and a sprinkler that continues to be run over. He stated that it cost him more than \$220,000 in labor expenses alone to fix the damage caused by the City, which destroyed his yard. He also mentioned that he called the Governor on Friday to report the matter.

Mayor Hardin stated he does not know the particular information about his complaint. He encouraged him to connect with City Manager Harrison.

Comr. Sigerson-Eaton provided her contact information to Mr. Jacobs.

Nancy Olson, 2722 NE 3rd Street, Pompano Beach, FL, expressed her gratitude to the City Commission for their dedication to the welfare of the community. She specifically appreciated Comr. Sigerson-Eaton's attendance and support at Sand and Spurs. She pointed out that there is a lack of awareness among the community members about Sand and Spurs and had a conversation with Mr. Beaudreau of the Parks and Recreation Department regarding CIP funds. Ms. Olson requested the City Commission for the CIP funding and encouraged them to improve the marketing of the facility.

Mayor Hardin asked City Manager Harrison to have someone from the City reach out to Ms. Olson to discuss the CIP funding. City Manager Harrison affirmed.

Comr. Sigerson-Eaton thanked Ms. Olson for her dedication and hard work. She agreed the facility has been overlooked, not properly maintained or marketed. She intends to address this matter with City Manager Harrison and Mr. Beaudreau to develop priorities and goals. She suggested increased picnic tables and possibly a playground. Lastly, Comr. Sigerson-Eaton noted Sand and Spurs is an important part of the City.

Quenton Thompkins, 439 NW 19th Street, Pompano Beach, FL, expressed his concern regarding the frequent use of fireworks in the city. He mentioned that the citizens are being adversely affected and urged the City to take appropriate action. He also reported that they had previously called the non-emergency police number, however, no response was received.

Jocelyn Jackson, no address provided, expressed her admiration for Atlanta's Dr. Martin Luther King celebration. She emphasized the importance of unity in the City and suggested that people should collaborate rather than resorting to combative behavior with each other. She also talked about the Contingency Fund process and stated that it's crucial to observe financials moving forward. Furthermore, she expressed her gratitude to the Code Enforcement, Building Department, and the Fire Department for their excellent work.

Comr. Perkins pulled the item for a member of the public.

Saracha Peterson, 4354 NW 9th Avenue, Pompano Beach, asked Ty Tabing, Cultural Affairs Director about the program budget outside of the grant amount. Mr. Tabing responded that there is revenue generated from studio rent, but it mostly breaks even. He explained that normally, the program spends \$10,000, but the grant is for expanding the program. The grant aims to enhance the skill sets of the 8 artists in residence. Ms. Peterson commended the City and expressed her support for the project.

Jocelyn Jackson, no address provided, asked about the Community Foundation of Broward, Inc. Mayor Hardin clarified that it is a Broward County organization that the City has been involved with for many years. Ms. Jackson then asked who selects the artists. Mr. Tabing explained that curators review the submissions and narrow down the field. The final selection of artists in residence is made by Mr. Tabing's staff after interviews. Ms. Jackson suggested that they should promote the program more and make the selected artists more familiar to the community. Mr. Tabing said that the next application process would start in April, and the next class would be selected during the summer. He also clarified that the call for artists is national.

Ed Phillips, 384 NW 19th Street, Pompano Beach, asked if the funds can be utilized for painting the pillars under the bridge on Dr. MLK Boulevard or painting murals. Mayor Hardin clarified that is part of the Public Art Program and separate from the grant funding being discussed. He encouraged Mr. Phillips to connect with Mr. Tabing about the bridge painting.

She agreed with the change but believed it limits the City Commission's ability to approve things. Dr. Good then briefly explained the competitive bid process, which includes checking references.

On average, they have been serving about 10,000 riders per month. Mr. Lantz also shared that the City has been awarded another Florida Transportation Grant and plans to extend the service to neighborhoods north and south of Harbor Village Shops. G. REPORTS**City Manager's Report:**

City Manager Harrison asked Horacio Danovich, Consultant, Stegia, LLC to provide a report on the McNab Road Streetscape Improvements Project.

Mr. Danovich greeted the City Commission and reviewed the following packet of information: Project Memorandum; Location Map; and Exhibits A-F. He noted there are insufficient resources to cover the entire project. He discussed the need to address three private subdivisions for improvements. He informed the City Commission that the staff's recommendation is included in the packet and requested them to review it. He also added that they can reach out to him or the City Manager in case of any questions. He acknowledged that this is just the beginning and mentioned that the City Commission didn't have the information or time to review it earlier.

City Manager Harrison informed that they plan to bring an Ordinance soon as the City Attorney's Office can compile the information and notice it.

Comr. Fournier raised a concern that the community was promised a bridge using the G.O. Bond funds. She asked if this presented a legal issue. In response, Mr. Danovich explained that they have looked into any legal issues and have addressed them with the City Attorney's Office. He noted that the challenges have been outlined in the package provided. Comr. Fournier suggested that they should reach out to the neighbors because many are not open to having the work done unless it is required because of a bridge construction. Mr. Danovich clarified that they are working on the public right of way, so there are ramifications to the work they will do. Comr. Fournier reiterated her desire to have follow-up conversations with the neighbors who will be affected.

Comr. Moss said it seems the project has expanded significantly from what the residents were told. Mr.

Danovich said they learned more and identified conflicts as they moved through the engineering design. Comr. Moss said there was a lot of back and forth about the bridge and he asked if this is a result of the bridge design. Mr. Danovich replied the bridge is only one issue. He provided an example about the southwest entrance of the bridge and potential impacts.

Comr. Moss asked if the original G.O. Bond proposal included the extensive streetscape improvements. Mr. Danovich affirmed it was not included but they discovered the conflicts once they got deeper in the design process.

Comr. Moss inquired about the difference between the original G.O. Bond project and now. Mr. Danovich stated the original budget was \$12M and the current proposal is \$24M, which would be \$17M without the bridge. Comr. Moss said they will need to discuss this matter further.

Mayor Hardin asked if anything includes imminent domain proceedings. Mr. Danovich replied no.

Mayor Hardin inquired about the Cypress Boulevard entrance and the approval needed from the adjacent property owner. Mr. Danovich said he made a presentation to the Cypress Club, and they have agreed to support. He noted they are negotiating agreements with the other two adjacent properties. All three agreements will come before the City Commission. Mr. Danovich acknowledged it is a difficult project but they believe they are in a good position to enter into agreements with the adjacent entities.

Mayor Hardin inquired about the timeline for the G.O. Bond. In response, Suzette Sibble, Assistant City Manager, reassured that they are on track and not likely to miss any important milestones. She also mentioned that in case they are unable to get private property owners to agree, they have the option to modify the scope of the project and return to amend the bond ordinance.

Mayor Hardin inquired about the Cypress Nook property. Mr. Danovich said the only thing they are investigating at this point is the curb cut at Cypress Nook.

Comr. Fournier asked if the plan they were handed are the same as previous plans regarding Cypress Nook becoming the parking lot to Cypress Landing. Mr. Danovich clarified that Cypress Nook would be an entrance, and not parking. He added it will remain public property.

City Attorney's Report:

City Attorney Berman reported that today, a decision was made regarding the lawsuit against the City in relation to the Brazilian Festival.
