Good morning all,

- Please submit a project portal application <https://partner.fpl.com/construction.html?cid=aliasconstruction>
- Provide electrical plans once available
- I am also confirming that we will not be able to convert the section highlighted in yellow to underground as it feeds several other residential properties
- Please also note that the wires highlighted in blue currently feed the railroad service, also highlighted in blue. If needed, we could coordinate a relocation or an overhead to underground conversion, provided the railroad agrees to convert their equipment from overhead to underground. However, the wires cannot be simply removed.

Thank You,

Josh Lopez

Good afternoon James,

Is this north or south of Atlantic?
