Re: Ordinance for new Medical Director Dr. Richard J. Paley

The EMS RFP Committee, unanimously recommended RPF ID: MEDI-2293 Medical Director, Dr. Richard J. Paley to be Pompano Beach Fire Department's Medical Director on 11/20/20. On 12/08/20, the City Commission approved the RFP Committee's recommendation to contract Dr. Paley as the Fire Department's new Medical Director starting in January of 2021. Dr. Paley, will afford at his own cost, a required named COI and malpractice insurance coverage, as per the RFP announcement.

I have attached a previous Medical Director's Ordinance statement as a reference. Please revise and make changes to the Ordinance. The Fire Department recognizes two Commission readings are necessary to reach final approval, with the first reading occurring in January 2021.
