RE: No Objection Letter for Pompano Pet Lodge - 12 Foot Utility Easement Abandonment

Per your request, FPL has no objection to the proposed sketch requesting the abandonment of the 12 foot utility easement along the south border of the property 930 NW 31st Ave, Pompano Beach.

Please be advised that for any future projects requiring FPL facilities, the customer will need to provide any additional easements needed by FPL. These easements will be required prior o construction or installation of FPL facilities.

Should any FPL facilities be subsequently discovered that need to be relocated, the customer will pay for the total costs of any relocation or replacement of those FPL facilities as deemed necessary by FPL or requested by the applicant. Additionally the applicant will pay for any relocation costs associated with any relocation of FPL facilities due to turn lanes, de-acceleration lanes, road right-of-way vacations etc.

FPL will require a complete set of plans prior to construction. These would include site, civil, landscape, and electrical. As the FPL engineering, design, and construction process encompasses about a four to six month schedule it is imperative that complete plans be provided well in advance of construction.

If I can be of assistance feel free to contact me at 954-956-2047. My fax is 954-956-2020.

Sincerely,

A handwritten signature in black ink, appearing to read 'Christina Kale', is written over the printed name and title.
