Re: NW 16 Ave & W Atlantic Blvd | Folio Numbers: 484234030970, 484234030960, 484234000580

Paola West,

The City of Pompano Beach Development Services Department has received your zoning letter request dated 12/2/2021 which requests the following information on the above referenced property:

1. Confirm that the south lot line of these combined parcels is the front lot line (see attached).

The above referenced property is currently zoned RS-4 – Single-Family (484234030970 and 484234030960) and I-1 – General Industrial (484234000580). Our Zoning Code is available online at www.pompanobeachfl.gov. Please refer to section §155.3205 for a list of the RS-4 regulations & §155.3402 for a list of the I-1 regulations. For your convenience, staff has enclosed the intensity and dimensional standards for both of these zoning districts.

As defined in Article 9 Part 5 of the Zoning Code, the front yard setback for a corner lot shall be the shorter of the lot lines abutting a street, unless indicated differently on a previously approved site plan. Based on the existing layout of the property, and assuming that the three lots will be combined under unified ownership, the FRONT YARD (the southern property line) abutting West Atlantic Blvd. The STREET SIDE YARDS (the eastern property lines) abutting NW 16th Avenue. The REAR YARD is the northern property line, opposite the front yard. Lastly, the INTERIOR SIDE YARD is the eastern property line, opposite the street side yard, and the western property lines (not abutting right-of-way). A map has been attached to this zoning letter to illustrate and supplement the letter.

Please be advised that a zoning verification letter is not considered an official zoning approval for a business use or development approval. To obtain approval for a business use, please submit a [Zoning Use Certificate](#) to the City's [Business Tax Receipt Division](#). Zoning Use Certificates are reviewed by a Planner within 5 to 7 business days. Please contact the Business Tax Receipt Division at 954.786.4668 or businesstaxreceipt@copbfl.com. Depending on the scope of work, a site plan or other Zoning approval may also be required. Please contact the [Zoning Department](#) at 954.786.4679 or zoning@copbfl.com. For questions regarding building permits, please contact the [Building Division](#) at 954.786.4670.

Should you need further assistance, please contact our office 954.786.4679.

Yours truly,

THE CITY OF POMPANO BEACH

ARTICLE 9: DEFINITIONS AND INTERPRETATION

...

PART 5 TERMS AND USES DEFINED

...

Lot Line

A line forming a boundary of a lot.

Lot Line, Front

A lot line separating the lot from the public street right-of-way or private street easement. On a corner lot , the front lot line shall be the shorter of the lot lines abutting a street, unless indicated differently on a previously approved site plan. For a vacant corner lot where the lengths of the street-fronting lot lines are within 20 percent of each other, the front lot line shall be the lot line the lot owner elects to identify as the front lot line.

Lot Line, Interior Side

A lot line not abutting a street and connecting the lot's front and rear lot lines.

Lot Line, Rear

A lot line connecting the lot's interior side lot lines , or an interior side lot line and a street side lot line , along the edge of the lot opposite its front lot line.

Lot Line, Street Side

A lot line, other than a front lot line, separating the lot from an abutting public street right-of-way or private street easement. Generally, the street side lot line is the longer of the lot lines abutting a street.

| Subdivision (If Acreage, attach legal description) | Block |
| | Lot(s) |

Please provide us with a zoning letter which answers the following questions: (Check all that apply)

- ☐ What is the current zoning designation for the property?
- ☐ What are the permitted uses?
- ☐ What is the future land use designation for the property?
- ☐ Confirm that there are no outstanding zoning code violations issued to the property.
- ☐ Confirm if the Zoning Division has an approved site plan on file.
- ☐ Confirm the general parking requirements for a particular use (select one): (Use for Parking)
- ☐ Is the property located in any special, restrictive or overlay district?
- ☒ Other: Confirm that the south lot line of these combined parcels is the front lot line (see attached explanation).

I acknowledge that the fee for this letter is assessed by the number of questions & the cost of staff time. I have included with this letter the applicable fee & will be notified if there will be additional costs.

DRC

Question 1: Per our email and telephone request to both Daniel Keester-O'Mills and Jennifer Gomez, please confirm in writing that the south lot line of these combined parcels—facing Atlantic Boulevard—is the front lot line, rather than the interior side lot line as shown on the below aerial.

The new development will consist of a warehousing building that is best designed with the east property line as an interior side, rather than the rear. It is understood that the CSX corridor is not considered as, or comparable to, a railroad siding. Please refer to emails to Daniel Keester and Jennifer Gomez attached.

Good morning, Jen. Hope you had a fabulous Thanksgiving.

Following up on our conversation from last week, I wanted to check to see if we would be receiving an email from you guys on the frontage issue or if we need to submit a zoning letter/interpretation request for response? Let me know. Thank you for your attention to this matter. I appreciate your time.

Sorry, Paola, but as you noted this is not railroad siding so the setback is 30 feet, as measured from the property line.

Daniel, please confirm our rear setback. Note 2 under I-1 rear setback states "2. If adjacent to a railroad siding, reduced to 8 ft from the centerline of the siding." Although I feel this applies to our property, the tracks in this area are not a siding—they are a main running track. It wouldn't make sense to apply the 30' to a train track rear if a siding can be reduced to 8'. Just wanted to confirm.

I don't believe that's how the code reads... just because that lot line runs parallel to the front lot line, doesn't make it a front.

They need to start drafting plans ASAP but I will mention this to the crew. Since we are getting access from the circled area below. Would that not also be a front lot line—at least to the portion that touches the adjacent lot?
