The Contract specifies for FPI to maintain a visible and consistent presence within the ECRA to enhance deterrence, improve perceptions of safety, and support increased pedestrian activity and economic vitality All services shall be performed in a manner that aligns with the CRA’s redevelopment goals and enhances the overall quality of life within the ECRA.

The Contract requires FPI to act within the scope of a private security authority under applicable law and shall not exercise law enforcement powers. FPI shall coordinate, as appropriate, with local law enforcement agencies but shall not replace or supplant traditional policing functions.

The initial term of the contract for the East CRA district is for three (3) years with the option to renew for an additional two (2) one (1) year terms. The cost for year one is \$157,248.00 however, in year two the hourly rates may be adjusted by the percentage in the Employment Cost Index (“ECI”) for private industry workers, service occupations, wages and salaries. The frequency of adjustment is annually commencing on year two of the contract and includes renewal periods.
