

To Whom It May Concern,

I am writing to express my strong support for the proposed Rising Tide Car Wash location in the City of Pompano Beach. As a partner at Edge Construction and a proud resident of Pompano Beach, I believe this project would be a tremendous asset to our city.

Pompano Beach continues to grow and thrive, and with that growth comes the need for high-quality services and amenities that benefit residents and visitors alike. Rising Tide Car Wash offers exactly that—a top-tier car wash experience that meets the needs of today's customers with efficiency and excellence. From my perspective as both a construction professional and a local resident, a car wash of this caliber would add significant value to our community. As a contractor and Pompano resident, I like to promote sustainable development. I have been through a similar process when I built Hidden Harbor Marina some years ago. The Hidden Harbor project was successful and is still offering a great service in the community. I built my personal residence in this great community and would not advocate for a project I didn't believe in. I know this car wash will provide a great service to the community.

Equally important, Rising Tide Car Wash brings something even more meaningful to the table: a proven commitment to inclusion and social impact. Their mission to employ individuals with autism and create a supportive, empowering work environment is inspiring and deeply needed. I want to see Pompano Beach continue to grow not only as a dynamic, forward-thinking city but also as a place that champions inclusivity and opportunity for all residents.

I strongly encourage the City of Pompano Beach to support this outstanding project. Rising Tide Car Wash will provide both an excellent service and a meaningful social contribution—making our city a better, more inclusive place to live and work.

Sincerely,
