As an owner of unit 1128 in Parliament House Condominium, I strongly object to the building of a 10-story condominium just west of us which would totally obstruct our view of the intercoastal, increase traffic and noise, put undue stress/vibration on our structures, pollute our air with construction dust/debris, strain our public services, increase local flooding during heavy rainfall, and substantially decrease our property values.

We respectfully request the zoning board to carefully consider denying the petition.

Thank you,

Susie Bonis
