WHEREAS, the MERIJUL LLC; ONE-QUARTER HAM LLC. (Owner”) requests an allocation of a maximum of thirty-eight residential flex units to be used in conjunction with County Policy 2.16.3, which allows for six bonus units for every moderate income housing unit deed restricted for 30-years. The purpose of the request is to generate 261 total units of mixed-income housing to be located on a 3.79-acre triangular property bounded by Dr. Martin Luther King, Jr. Boulevard and Powerline Road, legally described in Exhibit “A,” attached and incorporated in this Resolution; and

WHEREAS, a public hearing before the City Commission was held pursuant to the aforesaid notice at which hearing the parties in interest and all other citizens so desiring had an opportunity to be and were in fact heard;

WHEREAS, in order to construct the proposed project on the subject property, the city will have to allocate a maximum of thirty-eight flex units; now, therefore,

BE IT RESOLVED BY THE CITY COMMISSION OF CITY OF POMPANO BEACH, FLORIDA:

SECTION 1. That the City Commission of the City of Pompano Beach allocates a maximum of thirty-eight residential flex units from the unified flex zone for the proposed 261 unit mixed income housing project to be constructed on the property legally described in Exhibit “A.”

SECTION 2. That the number of flex units in the unified flex zone shall be reduced by the number of units necessary for the proposed housing project, not to exceed thirty-eight units.

SECTION 3. That the proposed housing project shall be generally consistent in regard to building placement, setbacks and buffering with the conceptual site plan as shown in Exhibit “B,” attached and incorporated in this Resolution. The conceptual and final site plan must be able to meet all code requirements with no variances. Minor revisions to the site plan that are necessary to meet the City’s Code or that do not affect the density or intensity of the site, such as (but not limited to) building dimensions, stormwater retention and access locations, will be allowed without additional public hearings.

SECTION 4. If the requested 69 units per acre density cannot be accommodated on site based on all applicable code requirements, the density of the site must be reduced accordingly, which may result in some of the flex units being returned to the flex pool of units.

SECTION 5. In order to meet the affordable housing requirement pursuant to Broward County Policy 2.16.3, a Declaration of Restrictive Covenants will be recorded committing at least 38 units to be moderate income housing for a minimum of 30-years.

SECTION 6. Failure of the applicant to obtain a principal building permit for this project as shown in Exhibit “B” within two years of the date of this resolution shall render the allocation of the flex units null and void.

SECTION 7. This Resolution shall become effective upon passage.

PASSED AND ADOPTED this 11th day of April, 2023.
