Re: State of Florida, Division of Emergency Management,
Hurricane Milton (DR-4834) - Federally Funded Subaward Grant Agreement

In response to the threat posed by Hurricane Milton in October 2024, the City issued a local state of emergency and activated the City's Emergency Operations Center.

The Fire Department would like to request a resolution approval by the City Commission approving and authorizing the proper City Officials to execute a Hurricane Milton federally-funded subaward and grant agreement with the *State of Florida*, Division of Emergency Management, and authorizing the City Manager or his designee to accept the grant and to execute all appropriate documents.

The subaward grant agreement between the City of Pompano Beach and the State of Florida Division of Emergency Management is a public assistance agreement based on the Presidential disaster declaration (FEMA-DR-4834) in response to Hurricane Milton. For this tropical cyclone, the federal share for the eligible costs under this agreement is one-hundred (100) percent with a State and City cost share of zero (0) percent rather than the typical twelve and one-half (12.5) percent each. This reimbursable award includes direct costs incurred from Hurricane Milton as well as reasonable administrative costs required by the City in order to administer the public assistance process.

Thank you in advance for your consideration.
