PROJECT DEVELOPMENT

FY2023 PROPOSED ANNUAL PLAN PROJECTS

Community Park Sculpture on Federal Highway (\$150,000) (District 3): A major outdoor sculpture to be located in Community Park on Federal Highway. Two possible locations have been proposed in the Master Plan. The City will use \$5,000 from the budget to shortlist artists to create mockups that will be used in the final selection process. Selected artist is responsible for the design, fabrication, and installation of the artwork.

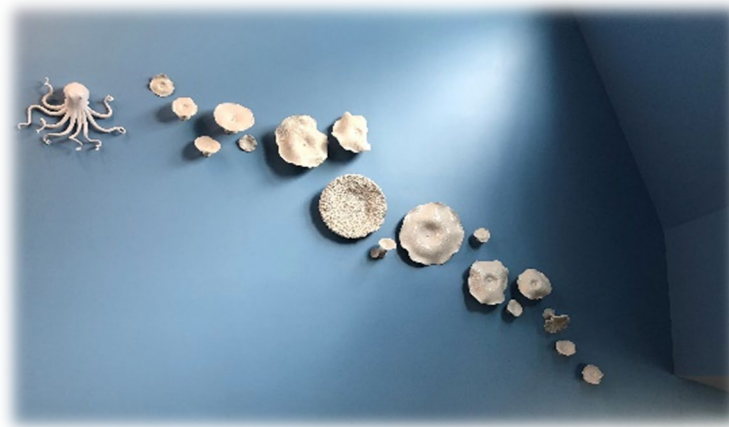

Possible locations.

Mosaic Team Term 3 (\$125,000) (District 4) (In Progress): The Mosaic Team is a multi-year program that consists of mosaic artworks created and installed by five (5) apprentices, under the leadership of a lead artist. Sonata Kazimieraiteine has been recommended by the Public Art Committee as the lead artist for the program. Kazimieraiteine has completed Term 1 and Term 2 of the Mosaic Team Program. Kazimieraiteine's Agreement will go before the City Commission December 2022. If approved, she will be responsible to pay the apprentices \$3,000.00 each for a total of \$15,000.00 each year. Once the City has entered into an Agreement with the Kazimieraiteine, she and the apprentices will develop mosaics for representing the gateway into the Innovation District on the front and back of the overpass columns under I-95 over MLK Blvd. The artist and team will have two (2) years to complete the project and will tentatively be completed in FY 2025. Due to size of the project and the amount of columns, twenty-six (26) total columns measuring 137.5 inches in diameter and are 12 feet tall, additional funding of \$58,332.00 is being recommended and requested by the Public Art Committee.

CONTINUED

Opportunity/Contingency Projects (\$10,000): The Public Art Committee sets aside funding to be able to take advantage of unknown opportunities throughout the year. As stated in the Master Plan, this is flexible money for new project ideas. This money could also be used as a small contingency for unknown expenses associated with other projects. All purchasing thresholds and building requirements will be met. Staff can take recommendations to the City Commission if it is deemed appropriate. Anything that would otherwise need Commission approval will be taken to the City Commission. Any Opportunity/Contingency Projects will be reported in the next FY 2024 Annual Plan.

Octopus' Garden. Located in the Pompano Beach Cultural Arts Center.
