2.5 "EQUAL" PRODUCT CAN BE CONSIDERED UPON RECEIPT OF SPECIFIED DATA

The manufacturer's name, brand name and/or product number information contained in this solicitation are being used for the sole purpose of establishing the minimum requirement of level of quality, standard of performance, and design and is in no way intended to prohibit the offer of another manufacturer's items of equal material unless otherwise indicated on the Bid Submittal Form as "No Substitute".

This specific solicitation requires submission of the following documentation to enable County evaluation of "equal" products:

: Product Information Sheets (2 sets)

: Product Samples Upon Specific Request

If an "equal" product may be considered by the County in accordance with the Bid Submittal Form, the product shall be equal in quality and standards of performance to the product specified in the solicitation. Where an "or equal" product is offered, the County may request from the Bidder product information sheets, standard manufacturer information sheets, catalogues, and brochures. Also for product information submittals, all supporting documentation submitted by the Bidder must in total meet the required specifications set forth in this solicitation. Where the standard product literature submitted provides information that does not comply with the specifications, the County may request in official letter on corporate letterhead the differences between the product(s) they are specifically offering.

If samples of all "or equal" products are required for evaluation, such product samples are to be provided at no cost to the County at the time of specific request. Failure to meet this requirement may result in your offer being rejected. The County shall be sole judge of equality, based on the best interests of the County, and its decision in this regard shall be final. Items labeled "No Substitute" on the County's Bid Submittal Form indicate that only the products specified will be accepted under this solicitation.

The awarded Bidder shall make deliveries within five (5) business days after the date of the order. All deliveries shall be made in accordance with good commercial practice and all required delivery timeframes shall be adhered to by the awarded Bidder(s); except in such cases where the delivery will be delayed due to acts of nature, strikes, or other causes beyond the control of the awarded Bidder. In these cases, the awarded Bidder shall notify the County of the delays in advance of the original delivery date so that a revised delivery schedule can be appropriately considered by the County. All products submitted must be in the original manufacturers packaging. Should the awarded Bidder fail to deliver in the number of days stated above, the County reserves the right to find the Bidder in default after any back order period that has been specified in

If the contract is terminated, it is hereby understood and agreed that the County has the authority to purchase the goods elsewhere and charge the incumbent awarded Bidder with any re-procurement costs. If the awarded Bidder fails to honor these re-procurement costs, the County may terminate the contract for default. Certain County employees may be authorized in writing to pick-up materials under this contract. Awarded Bidder shall require presentation of this written authorization and maintain a copy of the authorization for their records. The awarded Bidder shall not invoice the County for back ordered items until such back orders are delivered and accepted by the County's authorized representative. It is understood and agreed that the County may, at its discretion, verbally cancel back orders after the grace period identified in this paragraph has lapsed, seek the items from another vendor, and charge the incumbent awarded Bidder under this contract for any directly associated re-procurement costs. If the awarded Bidder fails to honor these re-procurement costs, the County may terminate the contract for default.

2.8 SHELF LIFE OF STOCK

The awarded Bidder shall provide the County with products that have equal to or greater than 18 months of manufacturer shelf life remaining and shall ensure that all items are within this specified shelf life prior to shipment to the County. The primary awarded Bidder shall ensure that adequate stock levels equivalent to a monthly average based on estimated annual quantities are maintained at its place of business in order to assure the County of prompt delivery. The County reserves the right to inspect the awarded Bidders place of business for compliance with this requirement.

Substitute brands may be considered during the contract period for discontinued products. The awarded Bidder shall not deliver any substitute products as a replacement to an awarded brand or model without express written consent of the Internal Services Department, Strategic Procurement Division prior to such delivery. Substitute items must be of equal or better quality than the awarded item. Unauthorized or excessive substitution request may be cause to cancel the contract.

2.10 REQUEST FOR ADDITIONAL INFORMATION

The County shall have the right to inspect the manufacturers, books and records for the purposes of verifying the awarded Bidder's source of the products furnished under this contract and for such other purposes as permitted or required by applicable law.
