The Financing Commitments shall: (i) be in a form and content reasonably acceptable to the CRA's Contract Administrator; (ii) be subject to all the terms and conditions of this Agreement; and (iii) provide that Project Lenders give the CRA notice of any defaults by the Developer.

6.3.2 Developer shall indemnify and hold the CRA harmless as to any and all claims arising from Developer's access to the Project Site under this Article 6. The CRA shall provide Developer copies of available information regarding the Property, including site surveys, utility location drawings, soil borings, environmental reports and other similar documentation concerning the Property in its possession, but shall not be obligated to obtain, create or draft such documents if such are not within the CRA's possession or control. Only the CRA, its successors or assigns, may modify, amend, repeal or alter the Restrictive Covenants. Developer, its successors or assigns, shall not modify, amend, repeal or alter these restrictive covenants in whole or in part. The CRA agrees to subordinate its property interest in such Construction Plans to liens of the Project Lenders contemplated by this Agreement for development and completion of the Project. In the event this Agreement is terminated, the CRA shall retain its property interest in the Construction Plans.

10.4 The Building and Improvements must be built by a general contractor ("General Contractor") duly licensed under the laws of the State of Florida. The Developer may also be the General Contractor if Developer is a duly licensed general contractor.

10.5 By authorizing execution of this Agreement, the CRA Board has approved the Proposal, a copy of which is attached as Exhibit 3. A final site plan for the Building and Improvements must be prepared and submitted to the CRA's Contract Administrator for his/her written approval prior to submittal of the Building Permit Application as provided for in Article 11 below.

10.6 Modifications to the Conceptual Site Plan may be approved by the CRA's Contract Administrator without further review or formal approval by the CRA Board in the following circumstances:

10.6.1 Alterations to proposed or existing buildings or structures which do not result cumulatively in more than 10% modification to the floor area per building or structure as found in the initially approved Site Plan;

10.6.2 Alterations to the interior of any proposed building which do not alter the external appearance of such building;

10.6.3 Minor cosmetic alterations of the external façade of proposed buildings, including new or renovated signage;

10.6.4 Minor alterations or adjustments in the location of proposed structures or site improvements on the Property.

10.6.5 Parking and driveway radius may be adjusted to improve open space;

10.6.6 Building locations may be adjusted or rotated to improve open space;

10.6.7 Sidewalks may be modified to connect to revised building entrances and increase impervious area except that perimeter sidewalks must be maintained. As to the perimeter sidewalks or walkways, Developer may substitute suitable materials such as paver block, asphaltic material, etc., subject to administrative review and approval;

10.6.8 Total caliper inches of replacement trees and the required trees and species mix as shown on the Planning & Zoning approved Site Plan may be increased. Tree species may be modified to meet availability at the time of planting and shall be subject to administrative review and approval;

10.6.9 Interior floor plan design alterations may meet or exceed the square footages stated in the Developer's proposal presented to the CRA; and

10.6.10 Minor adjustment or additions to site features.

10.7 Any modification to the Site Plan that does not fit into the criteria identified in Paragraph 10.6.1 through 10.6.10 above shall require approval by the CRA Board and amendment of this Agreement.

10.8 No modification or adjustment may be made under this Article which results in a modification of the express terms of this Agreement.

10.9 Developer shall submit building plans and specifications to the Contract Administrator for preliminary approval. Upon receiving approval from the Contract Administrator, Developer shall submit the aforementioned plans and specifications to the City's Building Department to facilitate issuance of a building permit (the "Building Permit"). After receipt of the Building Permit, Developer will proceed with and complete construction of the Project in accordance with the terms of this Agreement.

10.10 After the Property is conveyed to Developer, the CRA shall cooperate with Developer and execute all requisite documents for the purpose of joining in the submission of any and all applications and development permits provided the CRA does not incur any cost or liability for doing so.

10.11 The Project Site and all Building and Improvements shall be maintained in a clean, sanitary and safe condition by Developer. The Project Site shall be appropriately landscaped and maintained with a mechanical sprinkling system in accordance with City Code. No portion of the Project shall be allowed to become or remain overgrown or unsightly.

10.12 All repairs made by Developer shall be at least similar or equal in quality and class to the original work. Under the terms of this Agreement, Developer shall keep and maintain all portions of the Project under Developer's control in a clean and orderly condition, free of dirt, rubbish and unlawful obstructions. Repairs or maintenance work by Developer shall begin immediately upon Developer's knowledge of the need for such repairs or maintenance or upon written notice by the City or CRA.

ARTICLE 11 CRA PARTICIPATION

The CRA's participation in the Project shall be subject to the Declaration of Restrictive Covenant running with the land for a period of 5 years as mentioned in Article 7.

ARTICLE 12 CONDITIONS PRECEDENT TO COMMENCEMENT OF CONSTRUCTION

12.1 Approval of Construction Plans.

12.1.1 Developer shall submit the Construction Plans to the CRA's Contract Administrator for approval prior to submitting a building permit application to the City. Within 30 calendar days of receipt of the Construction Plans, the CRA's Contract Administrator shall review said Construction Plans for compliance with this Agreement and in writing either approve ("Notice of Plan Approval for Contract Compliance") or disapprove ("Notice of Plan Disapproval for Contract Compliance") the Construction Plans as being in conformity with this Agreement. If the CRA's Contract Administrator fails to deliver to the Developer within the 30-day period either of these two Notices, the CRA will be deemed to have delivered a "Notice of Plan Approval for Contract Compliance" and the Construction Plans will be deemed to have been approved.

12.1.2 If the Contract Administrator rejects the Construction Plans for not being in conformity with this Agreement, the Notice of Plan Disapproval for Contract Compliance shall set forth in detail the reasons for said rejection. Developer shall submit corrected Construction Plans to the CRA's Contract Administrator which are in accordance with this Agreement within 30 calendar days of receiving CRA's Notice of Plan Disapproval for Contract Compliance.

12.1.3 If the CRA's Contract Administrator issues a Notice of Plan Approval for Contract Compliance, Developer shall file a building permit application with the City in accordance with the City's procedures for such application. A copy of the building permit application shall be provided contemporaneously to the CRA's Contract Administrator.

12.1.4 Developer shall provide the CRA's Contract Administrator with written notice that the City has issued the Building Permit within five (5) business days of the issuance and Developer's receipt of said Permit. If Developer is otherwise in compliance with this Agreement's terms, the CRA's Contract Administrator shall provide Developer with written Notice to Proceed within five (5) business days of receipt of the written notice that the Building Permit has been issued. In no event shall any construction commence on the Project until the Building Permit has been issued by the City and the Notice to Proceed has been issued by the CRA's Contract Administrator.

12.2 Construction Notice and Commencement Submittals. Developer shall deliver a construction notice to the Contract Administrator (the "Construction Notice") within sixty (60) calendar days from the date of the Notice to Proceed as provided above. Said Construction Notice shall state that the Developer will commence construction of the Building and Improvements within ninety (90) calendar days of such notice and shall provide an estimate of construction costs, an updated construction schedule, and evidence of construction contract(s) and insurance as described herein.

12.3 Estimate of Construction Cost. Simultaneous with submittal of the Construction Notice, Developer shall provide the Contract Administrator with a revised estimate of the construction costs for the Building and Improvements according to the Construction Plans, including an estimate of all professional fees to be incurred in connection with construction.

12.4 Construction Schedule. Simultaneous with submittal of the Construction Notice, Developer shall also deliver an updated Project Schedule to the CRA's Contract Administrator which critically paths all construction activity for completion of the Building and Improvements on the Property.

12.5 Construction Contract. Simultaneous with submittal of the Construction Notice, Developer shall provide the CRA's Contract Administrator a copy of Developer's contract with the General Contractor (if a general contractor is retained by Developer) under which the General Contractor has agreed to construct the Building and Improvements in accordance with the Construction Plans and to pay for all labor and materials for the cost of construction. The General Contractor, or if none, the Developer agrees to the provisions set forth below.

12.5.1 The General Contractor or Developer agrees to protect, defend, indemnify and hold harmless the CRA and the City and their respective officers, employees and agents from and against any and all losses, penalties, damages, settlements, costs, charges or other expenses or liabilities of every kind in connection with or arising directly or indirectly out of the Work agreed to or performed even though the CRA or City is held to be actively or passively negligent, but excluding any such occurrence arising out of or resulting from the intentional torts of the CRA or the City (the "Indemnification").

12.5.2 Without limiting the foregoing, any and all such claims, suits, etc., relating to personal injury, death, damage to property, defects in materials or workmanship, actual or alleged violation of any applicable statute, ordinance, administrative order, rule or regulation, or decree of any court shall be included in the Indemnification. The General Contractor or Developer further agrees to investigate, handle, respond to, provide defense for and defend any such claims at their sole expense and agree to bear all other costs and expenses related thereto, even if the claim(s) is/are groundless, false or fraudulent.

12.5.3 The General Contractor or Developer shall require all of its subcontractors to provide the Indemnification in all contracts and subcontracts entered into and arising out of Work.

12.6 Failure to Satisfy Conditions Precedent. Failure to satisfy the conditions precedent to commencement of construction contained in this Article shall constitute a material default under this Agreement.

12.7 Property must be subdivided into two (2) separate parcels.

ARTICLE 13 CHANGES IN CONSTRUCTION PLANS

Developer may make changes to the originally approved Construction Plans within the limitations imposed by Article 10 and such changes may be approved administratively by the CRA's Contract Administrator without seeking CRA Board approval.

ARTICLE 14 CONTINUOUS CONSTRUCTION; PERMITTED DELAYS

14.1 Once construction has commenced, Developer shall diligently and continuously proceed to completion of construction and issuance of a certificate of occupancy without any interruption that exceeds thirty (30) days, unless such interruption is caused by a Permitted Delay. Developer shall, within five (5) days of the beginning of any interruption of construction anticipated to exceed thirty (30) days, request written approval by the CRA of a Permitted Delay, which request shall explain the reason for the interruption of construction and the anticipated period of such interruption. Approval of the Permitted Delay shall be in writing and shall include the date on which the Permitted Delay ends, unless further extended in writing by the CRA.

14.2 An interruption in construction that exceeds thirty (30) days and is not approved by the CRA as a Permitted Delay shall constitute a material default by Developer, subject to the cure period described in Article I. Permitted Delays in completing construction of the Building and Improvements shall not constitute a material default by the Developer provided that Developer resumes and continues construction within five (5) business days following the date on which such Permitted Delay ends.

ARTICLE 15 CARE AND MAINTENANCE DURING AND AFTER CONSTRUCTION

15.1 During construction of the Building and Improvements, the Developer shall safely maintain the construction site, protect against damage to persons and property by reason of construction activities, and provide adequate security during non-construction periods.

15.2 In the case of damage or loss to the Building and Improvements, Developer shall, as soon as possible after the occurrence of such loss or damage, repair or rebuild them so that the Building and Improvements are of the same general character as the approved construction plans and at least equal in value to the Building and Improvements prior to such loss or damage. Developer shall comply with Article 8 of this Agreement as to insurance requirements and the use of insurance funds for such damage or loss.

15.3 Permitted Delays excepted, such repairs shall begin within 60 calendar days after such occurrence or, if rebuilding is required, such rebuilding shall begin within 120 calendar days after such occurrence and in either case shall be completed in a reasonable time provided insurance funds are available, but in no event shall commencement of repairs or rebuilding be delayed beyond 180 days from the date of occurrence. The Developer shall pay for all such repairing and rebuilding so that the Property and the Building and Improvements shall be free and clear of all liens of mechanics and materialmen and similar liens arising out of such repair, rebuilding or reconstruction of the Building and Improvements.

ARTICLE 16
COMPLETION OF CONSTRUCTION

The Developer shall complete the construction of all Building and Improvements, except for Permitted Delays, as set forth in the Project Schedule. It is understood and agreed that completion shall mean the final Certificate of Occupancy and the Notice of Completion have been issued on all Building and Improvements. Developer's failure to complete construction of the Building and Improvements within the time frames set forth in the Project Schedule, subject to extension for Permitted Delays, shall constitute a material default in accordance with the provisions of this Agreement.

ARTICLE 17
NOTICE OF COMPLETION

Within five (5) business days after Developer's completion of the Building and Improvements as evidenced by issuance of the Certificate of Occupancy, the CRA shall inspect the Building and Improvements for satisfactory completion. If, in its sole discretion, the CRA finds the Building and Improvements have been satisfactorily completed, the CRA shall promptly furnish Developer with a Notice of Completion.

ARTICLE 18
OTHER DUTIES OF THE DEVELOPER

18.1 Access to Work. Developer agrees that representatives of the City, CRA and other applicable regulatory agencies shall have access to the Work whenever it is in preparation or progress and that the Developer will provide proper facilities for such access and inspection.

18.2 Anti-Kickback Act. Developer shall comply with regulations of the Secretary of Labor of the United States of America made pursuant to the Anti-Kickback Act of June 13, 1934, 40 U.S.C. 276(c) and any amendments or modifications thereto. Developer shall ensure appropriate provisions are inserted in its subcontracts to ensure Developer's subcontractors are in compliance with the Anti-Kickback Act; subject, however, to any reasonable limitations, variations, tolerances and exemptions from the requirements of said Anti-Kickback Act as the Secretary of Labor may specifically provide.

18.3 Local Business Program.

18.3.1 Developer acknowledges and agrees that with all due diligence and to the extent possible, it will involve the participation of Pompano Beach Local Vendors and Pompano Beach residents in construction and marketing of the Project.

18.3.2 Developer shall use its commercially reasonable efforts to achieve participation of Pompano Beach Local Vendors and Pompano Beach residents contracting and subcontracting firms. Developer shall utilize as many Pompano Beach Local Vendors and Pompano Beach residents as feasible for performance of the contracts and subcontracts for construction and marketing of the Projects. For the purposes of this Article, Local Vendors shall mean a business entirety which has maintained a permanent place of business within the city limits of the City of Pompano Beach. The permanent place of business may not be a post office box. The business must be staffed with full-time employees within this local office and have a current business tax receipt from the City of Pompano Beach.

18.4 Compliance with Land Use Regulations. Developer shall develop the Project for use in compliance with all applicable land use, land development and zoning regulations and the same shall govern development of the Project for the duration of this Agreement.

ARTICLE 19
EVALUATION, MONITORING REPORTS
AND OWNERSHIP OF DOCUMENTS

19.1 Upon request, Developer shall provide the CRA, in a format reasonably acceptable to both parties, information, data and reports to be used by the CRA in monitoring Developer's performance in carrying out the Project. Developer understands and agrees the CRA will carry out periodic monitoring and evaluation activities as it deems necessary and that continuation of this Agreement is dependent upon satisfactory evaluation conclusions. Such evaluation will be based on the terms of this Agreement, comparisons of planned versus actual progress relating to Project scheduling, budgets, construction and marketing.

19.2 Subject to the rights of the Project Lenders, all reports, plans, surveys, information, documents, maps and other data procedures developed, prepared, assembled or completed by Developer for the purposes of this Agreement shall be co-owned by the Developer and the CRA without restriction, reservation or limitation of their use, and shall be made available by Developer at any time upon request by CRA. Upon completion of all Work contemplated under this Agreement, copies of all of the above data shall be delivered to the CRA representative upon the CRA's written request.

ARTICLE 20
DEFAULT AND REMEDIES

20.1 Default by Developer. The following shall constitute an Event of Default under the Agreement:

20.1.1 Failure of Developer to meet the development timelines provided for in the Project Schedule (Exhibit 4), subject to any amendments executed by the parties which extended the development timelines, and such default continues for a period of 30 days after written notice from the CRA. Notwithstanding the foregoing, in the event a cure is not reasonably possible within 30 days, a Default shall not be deemed to occur in the event the Developer commences a cure within the 30-day period and proceeds with reasonable diligence to cure the Default thereafter;

20.1.2 Failure of Developer to comply with the material terms, conditions or covenants of this Agreement that Developer is required to observe or perform and such default continues for a period of 30 days after written notice from the CRA. Notwithstanding the foregoing, in the event a cure is not reasonably possible within 30 days, a Default shall not be deemed to occur in the event the Developer commences a cure within the 30-day period and proceeds with reasonable diligence to cure the Default thereafter;

20.1.3 This Agreement, the Project or any part of the Building and Improvements are taken upon execution or by other process of law directed against Developer, or are taken upon or subjected to any attachment by any creditor of Developer or claimant against Developer, and such attachment is not discharged within 90 days after its levy;

20.1.4 Developer shall be unable to pay the Developer's debts as the same shall mature;

20.1.5 Developer shall file a voluntary petition in bankruptcy or voluntary petition seeking reorganization or to affect a plan or an arrangement with or for the benefit of Developer's creditors;

20.1.6 Developer shall apply for or consent to the appointment of a receiver, trustee or conservator for any portion of the Developer's property or such appointment shall be made without Developer's consent and shall not be removed within 90 days;

20.1.7 Prior to completing the Building and Improvements, Developer abandons or vacates any portion of the Project for a period of more than 30 consecutive days;

20.1.8 Failure of Developer to perform any other material covenants, agreements, undertakings or terms of this Agreement, or if the representations set forth herein are materially untrue or incorrect, then such breach shall be deemed a material default; and

20.1.9 If the Developer fails to perform any of the following construction activities related to the Building and Improvements required to be undertaken by the Developer ("Construction Activities"): (i) failure to give the Construction Notice as set forth in this Agreement; or (ii) failure to complete the Construction Conditions Precedent to Commencement within the time set forth in this Agreement; or (iii) failure to undertake the Commencement of Construction in accordance with this Agreement; or (iv) after Commencement of Construction has begun, failure to timely and continuously pursue construction of the Building and Improvements, except for Permitted Delays; then the CRA shall have the right to give Developer written notice of such failure.

20.2 Default by CRA. The following shall constitute an Event of Default under the Agreement:

20.2.1 Failure of the CRA to comply with the material terms, conditions or covenants of this Agreement that the CRA is required to observe or perform.

20.3 Remedies in the Event of Default.

20.3.1 General. If the Developer fails to cure an Event of Default within the time provided for such cure, the CRA shall have the right to terminate this Agreement and/or may institute such proceedings as may be necessary or desirable in its opinion to cure and remedy said default or breach, including, but not limited to, proceedings to compel Developer's specific performance, damages for breach of contract, and, subject to the mortgage and other rights held by the Project Lender, forfeiture of Developer's interest in the Property, including the Building and Improvements, pursuant to this Agreement and the Agreement for Re-conveyance of Property.

20.3.2 Informal Dispute Resolution Process. The parties desire to minimize the adverse effect and cost of disputes in recognition of the complexities involved in implementing this Development Agreement. As to disputes between the CRA and the Developer, the parties agree that in the first instance, their respective Contract Administrators shall endeavor to resolve every dispute amicably and to also define the nature and extent of any disagreement to the extent possible. Both parties shall be entitled to have representatives present at any such meeting or conference.

If the parties' Contract Administrators are unable to reach an agreement within five business days after the dispute arises, the parties are encouraged, but not required, to seek the services of a mediator to facilitate dispute resolution. If the parties agree to mediation, the parties shall share the cost of such mediation equally.

20.4 Termination by Developer Prior to Conveyance.

20.4.1 If the CRA does not tender conveyance of the Property or possession thereof, in the manner and by the date provided in this Agreement, and such failure is not cured within thirty (30) days after the Developer provides a written demand to the Contract Administrator, Developer may terminate this Contract or avail itself of any remedy allowable at law or in equity.

20.4.2 If the Developer fails to timely provide the CRA with evidence satisfactory to the CRA that Developer has Financing Commitments and sufficient equity capital for construction within the time and in the manner set forth above, then Developer shall have ten (10) additional days to provide reasonable evidence to the CRA that it has sufficient financial resources reasonably available to complete construction of the Property as required by this Agreement. In the event Developer is unable to demonstrate sufficient cash as provided herein, then the CRA may terminate this Agreement upon

delivery of written notice to the Developer, upon which the parties shall be relieved of all further obligations and liabilities one to the other.

20.5 Termination by CRA Prior to Conveyance.

Except as may be specifically provided herein, upon the occurrence of either of the following conditions, this Agreement and any rights of Developer arising therefrom with respect to the CRA or the Property, shall be terminated at the CRA's option in which case neither Developer nor the CRA shall have any further rights against or liability to the other under this Agreement:

20.5.1 Prior to the conveyance of the Property to the Developer and in violation of this Agreement, the Developer or any successor assigns or attempts to assign this Agreement or any rights contained in this Agreement, or in the Property, or there is any change in the ownership or control of the Developer not permitted by this Agreement; or

20.5.2 The Developer fails to submit evidence of financing for the construction of the Building and Improvements in satisfactory form and in the manner so provided in this Agreement, and fails to provide reasonable evidence to the CRA that it has sufficient financial resources reasonably available to complete construction of the Property in accordance with this Agreement.

20.6 Reinvesting Title in CRA upon Default Subsequent to Conveyance to Developer.

Subject to the consent of the Project Lenders, the CRA shall have the right to take title to the Property if any of the following events occur:

20.6.1 The Developer (or successor in interest) shall materially default in or violate its obligations with respect to construction of the Building and Improvements or shall abandon or substantially suspend construction work, and any such default, violation, abandonment, or suspension shall not be cured, ended, or remedied within thirty (30) calendar days after the CRA gives written notice. Notwithstanding the foregoing, in the event a cure is not reasonably possible within 30 days, a Default shall not be deemed to occur in the event the Developer commences a cure within the 30-day period and proceeds with reasonable diligence to cure the Default thereafter; or

20.6.2 The Developer (or successor in interest) shall fail to pay real estate taxes or assessments on the Property or any part thereof when due, or shall place or suffer to be placed on the Property any encumbrance or lien not authorized by the Agreement, or shall breach any of the terms, conditions or covenants on any authorized encumbrance against the Property, or shall suffer any levy or attachment to be made, or any material men's or mechanic's lien, or any other unauthorized encumbrance or lien to attach, and such taxes or assessments shall not have been paid, or the encumbrance or lien removed, bonded or discharged or provision satisfactory to the CRA made for such payment, removal, bonding or discharge, or shall fail to cure any breach of the various terms and conditions of such encumbrances authorized by this Agreement within thirty (30) days after the CRA's written demand to do so; or

20.6.3 In violation of the Agreement, there is any transfer of the Property or any part thereof, or any change in ownership or control of the Developer contrary to the terms of this Agreement, and such violation is not cured within thirty (30) days after the CRA's written demand to the Developer; or

20.6.4 The Property becomes the subject of a foreclosure lawsuit filed on account of an alleged default on a mortgage held by any Project Lender.

It is the intent of this provision, together with other provisions of this Agreement, that in the event of any material default, failure, violation, or other action or inaction by Developer as set forth in this Agreement which Developer fails to timely remedy, providing there is consent from the Project Lenders, Developer shall convey its ownership interest in the Project Site to the CRA and yield up and surrender

the Property peacefully and quietly to the CRA, including the complete or incomplete Building and Improvements and any equipment located thereon. Developer further agrees to execute and deliver to CRA such instrument or instruments as shall be required by CRA as will properly evidence termination of Developer's rights hereunder or its interest therein.

Accordingly, in the event the CRA elects to exercise the rights described in this Article, the CRA shall have the right to repossess the Property, the complete or incomplete Building and Improvements and any equipment located thereon. Developer acknowledges and agrees that Developer's interest and any and all rights therein shall terminate and the Property and the complete or incomplete Building and Improvements shall be the property of the CRA free and clear of any and all claims, rights, liens or encumbrances by, through or under the Developer, and that such title and all rights and interests of the Developer, and any assigns or successors in interest to and in the Property shall revert to the CRA provided that under such condition subsequent, the CRA's reversionary interest and any reinvesting of title in the CRA shall always be subject and subordinate to and limited by, and shall not defeat, render invalid or limit in any way the lien of any mortgage, holders of mortgages, Letter of Credit, or Letter of Credit Providers authorized by this Agreement for development and completion of the Project.

20.7 Other Rights and Remedies of the CRA; No Waiver by Delay.

The CRA shall have the right to institute such actions or proceedings as it may deem desirable for effectuating the purposes of this Agreement provided that any delay by the CRA in instituting or prosecuting any such actions or proceedings or otherwise asserting its rights under this Agreement shall not operate as a waiver of such rights or limit them in any way.

The intent of this provision is that the CRA shall not be constrained to exercise such remedy at a time when it may still hope to otherwise resolve the problems created by the default or risk being deprived of or limited in the exercise of the remedies provided in this Section because of concepts of waiver, laches, or otherwise. Further, nor shall any waiver in fact made by the CRA with respect to any specific default by Developer under this Agreement be considered as a waiver of the CRA's rights with respect to any other defaults by Developer under this Agreement or with respect to the particular default.

20.8 Permitted Delay in Performance for Causes beyond Control of Party.

Neither the CRA nor Developer (or any successor in interest) shall be considered in breach of its obligations with respect to commencing and completing construction of the Building and Improvements in the event of Permitted Delays due to unforeseeable causes beyond its control and without its fault or negligence, including, but not limited to, strikes; walkouts; acts of God; failure or inability to secure materials or labor by reason of priority or similar regulation or enemy action; civil disturbance; fire or other casualty.

In the event of the occurrence of any such Permitted Delay, the intent and purpose of this provision is that the time(s) for performance of Developer's obligations with respect to construction and completion of the Building and Improvements shall be extended for the period of the Permitted Delay as determined by the CRA provided that the party seeking the benefit of these provisions shall, within five (5) days after the beginning of any such delay, have first notified the other party in writing of the cause or causes thereof and requested an extension for the period of the delay.

20.9 Rights and Remedies Cumulative.

The rights and remedies of the parties to this Agreement, whether provided by law or by the Agreement, shall be cumulative, and the exercise by either party of any one or more of such remedies shall not preclude the exercise by it, at the same or different times, of any other such remedies for the same default or breach or of any of its remedies for any other default or breach by the other party, at the same or different times, of any other such remedies for the same default or breach or of any of its

remedies for any other default or breach by the other party.

No waiver made by either party with respect to the performance, manner, time, or any obligation of either party or any condition under this Agreement shall be considered a waiver of any rights of the party making the waiver with respect to the particular obligation of the other party or condition beyond those expressly waived in writing or a waiver in any respect in regard to any other rights of the party making the waiver or any other obligations of the other party.

ARTICLE 21 NOTICES AND DEMANDS

21.1 Any notice or other communication required or permitted to be given under this Contract shall be in writing and shall be deemed to have been given (a) on the same date as the date in which such notice is delivered personally or sent by electronic mail, (b) on the date that is three (3) Business Days after the date on which such notice is deposited in the United States mail, registered or certified mail, postage prepaid, return receipt requested, or (c) on the date that is one (1) Business Day after the date on which such notice is sent by overnight courier services (such FedEx or any other national courier service), and, in each case, addressed to the applicable party at its address(es) set forth below (or to such other address as either party may from time to time specify in a written notice to the other in accordance with the terms hereof).

21.2 Any such notice shall be deemed to have been given as of the time of actual delivery or, in the case of mailing, when the same should have been received in due course.

ARTICLE 22 DEVELOPER'S INDEMNIFICATION OF CITY and CRA

22.1 The Developer shall protect, defend, indemnify and hold harmless the City of Pompano Beach (City) and the Pompano Beach CRA (CRA), its officers, employees and agents from and against any and all lawsuits, penalties, damages, settlements, judgments, decrees, costs, charges, and other expenses including attorney's fees or liabilities of every kind in connection with or arising directly out of the Building and Improvements, operation, or possession of the Property by Developer except for any

occurrence arising out of or resulting from intentional torts or gross negligence of the City's or CRA's officers, agents and employees.

22.2 The Developer will indemnify and save the City and CRA or the City's and the CRA's agents harmless from all claims growing out of the lawful demands of subcontractors, laborers, workmen, mechanics, materialmen and furnishers of machinery and parts thereof, equipment, tools, and all supplies, incurred in the furtherance of the performance of the Work.

22.3 Without limiting the foregoing, any and all such claims, suits, causes of action, etc., relating to: personal injury; death; damage to property; defects in construction; rehabilitation or restoration of the Building and Improvements; actual or alleged infringement of any patent, trademark, copyright, or other tangible or intangible personal or real property right; any actual or alleged violation of any applicable statute, ordinance, administrative order, rule, regulation or decree of any court, are included in the indemnity.

22.4 The Developer further agrees to investigate, handle, respond to, provide defense for, and defend any such claims at Developer's sole expense and agrees to bear all other costs and expenses related thereto, even if the claim(s) is/are groundless, false or fraudulent. The foregoing indemnification shall not be operative as to any claims by Developer for breach of warranties under the Deed(s) or any causes of action the Developer has or may have for breaches or defaults by the City and CRA under this Agreement.

ARTICLE 23 NON-ASSIGNABILITY AND SUBCONTRACTING

23.1 This Agreement is not assignable without the express written approval of the CRA, and Developer agrees it shall not sell, assign, transfer, merge or otherwise convey any of its interests, rights or obligations under this Agreement, in whole or in part, to any other person, corporation or entity without CRA approval. Any attempt by Developer to assign or transfer any of its rights or obligations under this Agreement without first obtaining the CRA's written approval will result in CRA's immediate cancellation of this Agreement. Specifically, no assignment of any right or obligation under this Agreement shall be binding on the City or CRA without the formal written consent of the CRA Board.

23.3 In addition, this Agreement and the rights and obligations contained in this Agreement shall not be assignable or transferable by any process or proceeding in court, or by judgment, execution, proceedings in insolvency, bankruptcy or receivership, and in the event of Developer's insolvency or bankruptcy, CRA may at its option terminate and cancel this Agreement as provided for in Article 20 herein.

23.4 Nothing in this Agreement shall be construed to create any personal liability on the part of the CRA or its agent(s) nor shall it be construed as granting any rights or benefits under this Agreement to anyone other than CRA and Developer.

ARTICLE 24 ACCOUNTING AND RECORD KEEPING PROCEDURES

24.1 CRA shall have the right to inspect the Property and the Project Site, as well as the right to audit the books, records and accounts of Developer that are related to the Project. Developer shall keep such books, records and accounts as may be necessary in order to record complete and correct entries related to the Project.

24.2 Developer shall be required to record, preserve and make available, at reasonable times for examination by CRA, complete and accurate records for all activities and revenues generated under this Agreement, including all financial records, supporting documentation, statistical records, federal/state tax

returns; and any other documents attendant to Developer's provision of goods and services under this Agreement for the required retention period of the Florida Public Records Act, Chapter 119, Florida Statutes, if applicable, or if the Florida Public Records Act is not applicable, for a minimum period of five (5) years after termination of this Agreement.

24.3 However, if an audit has been initiated and audit findings have not been resolved, the records shall be retained until resolution of the audit findings.
