I live at 525 n ocean blvd . I am extremely concerned about the height of these buildings. I am totally against the property owner changing the medium high 25 to an irregular 42du/ac . I believe this is not appropriate to put in buildings at the height bring requested and would hurt everyone else around them who have invested their savings in their property. I think as a taxpayer you should be taking into consideration the hundreds if not thousands of residents who will be negatively affected by their request for even more additional height. I sincerely hope you will pay attention to the people who have invested their savings in the property adjacent to this totally selfish project dr I Alexander
