I am a resident of Palm Aire building six and live within 500 feet of this proposed construction. I wish to object to the proposed variance. Please note that we have excessive traffic back ups already to exit onto S. Pompano Parkway. Many times there are 15 to 20 vehicles backed up to exit. I also wish to appeal based on the setback. The required setback allows my community to have a consistent green space along the highway. Granting this variance would disturb that. Indeed it would destroy the visual appeal of the neighborhood right at the entrance to our community.
