Attachments: Commercial and Industrial Project Checklist.pdf

Good afternoon Lens,

Happy New Year to you as well! We will be able to serve the proposed WaWa at this location. We do need to install some more facilities though and I have included a commercial checklist to this email for you. We will need all relevant info on this pdf to be sent over. Can you provide all necessary plans so we can begin coordination for this? At the minimum to start off, I need a survey, a site plan, and electrical plans (riser diagram/panel schedule) in pdf format.

Usually, we leave the transformer location up to the customer to give them this flexibility but we do require an easement for all facilities that we install to serve the building, and if on city property, a right of way agreement. Do you happen to have an address for this location as well or is it still in planning? Thank you.

Thank you,
Avram Li

Good afternoon Avram,

HAPPY NEW YEARS! Just sending a follow up email for the previous request. Please see below for your reference. I have also attached the PDF utility plan for your reference.

Thank you,

AAC
