All such contributions by the city shall be deemed and considered as a part of each member's accumulated contributions and subject to all provisions of the retirement system pertaining to accumulated contributions of the members. The city pick up of contributions shall be the result of a reduction of each member's base pay corresponding to the contribution amount, and is intended to comply with Section 414(H)(2) of the Internal Revenue Code. Base pay for purpose of overtime pay, pay supplements, including but not limited to merit pay, longevity pay, cost of living increases, and temporary assignment pay and retirement benefit calculations shall not be reduced.

SECTION 3. That Section 34.0266, "Retirement Benefits for Management Employees," of Chapter 34, "City Policy," of the City of Pompano Beach Code of Ordinances is hereby amended as follows:

Effective upon final passage of this ordinance, all provisions of the System shall apply to management support employees, except to the extent that any provision of this section is different than a provision in any other section of the plan, in which case the provisions of this section shall control with respect to the management support employees.

(A) Participation in this System shall be mandatory for management support employees hired on or after the effective date of this ordinance. Management support employees who are employed in a management support position on the effective date of this ordinance, and are not members of the System as of that date, may choose to become members of the System by making an irrevocable written election to participate in this system within 60 days following final passage of this ordinance. Such election shall be made on a form provided by the Board.

...

(D) Management support employees who are employed in a management support position on the effective date of this ordinance and elect to participate in this System in accordance with subsection (A) above may purchase credit for prior continuous service for all or any portion of their employment with the System. The election to purchase prior service must be made on a form to be supplied by the Board within 90 days of the effective date of this ordinance. The purchase amount may be paid through a cash payment or a direct trustee-to-trustee transfer or rollover from an eligible plan in accordance with § 34.0262. A management support employee who elects to purchase prior continuous service will have four years from the effective date of this ordinance to complete the purchase. Only that time purchased by the earlier of the date that the employee terminates employment as a management support employee or retires will be counted toward vesting or benefit accrual. All costs associated with and due for prior service credit, including the employer's portion of any costs shall be paid in full by the management support employee prior to the management support employee entering DROP or retiring from employment for the Board of the System. In addition, management support employees who are employed in the specific position of Executive Director and Deputy Director serving the Police and Firefighters' Retirement System shall also have 90 days from the effective date of this Ordinance to comply with the requirements set forth above.
