SUBJECT: Artists Alley Mural Location

At the meeting of the Public Art Committee held on June 15, 2017, the Committee selected the location of the back west exterior wall of the Bailey Contemporary Arts as the location for the Artists Alley Mural. The Committee is using this project as a way to continue to enhance the alley by placing murals on the walls located there. This will be the fourth mural in the alleyway.

The Committee unanimously approved the back west exterior wall of the Bailey Contemporary Arts as the location for the Artists Alley Mural. The Committee feels that this project will enhance the aesthetic and cultural value of the City and that area in particular.
