

02. TRANSPORTATION ELEMENT

Plan It! Pompano

Purpose and Direction: The purpose of the Transportation Element is to focus on accessibility as a critical aspect of an equitable, livable and economically viable community. The direction created by the goals, objectives and policies of this element is to create a balanced system for pedestrians, bicyclists, transit users, and drivers. Implementation of these policies are intended to ensure accessibility and mobility to the City's residents and tourists while supporting local businesses, their customers and employees.

The City is striving to create a modal shift in transportation choices and reduce automobile congestion, thereby reducing greenhouse gas emissions. Safety of drivers, pedestrian and bicyclists, and calming traffic in neighborhoods are all considered critical elements in implementing the overall objective of realizing a significant modal shift during this 45-20-year planning horizon.

The adoption of consistent street sections that can be customized for context sensitivity will ensure the ultimate goal of providing a street network that supports neighborhood equity and equal access while increasing the City's resilience to the effects of climate change.

Goals, Objectives, and Policies

Goal 7A: Provide safe, reliable, sustainable, cost effective potable water to all residents and businesses within the City's water utility service areas and make the capital improvements necessary to maintain or improve potable water services.

Objective 07A.01.00 – Health & Safety

The City shall ensure the provision of a safe and reliable supply of potable water to customers in its service area and the entire City through regulatory compliance and best operating and management practices.

Policy 07A.01.01

Deliver safe and reliable potable water to residents and businesses in the City of Pompano Beach and to residential outside of Pompano Beach but within the City's utility service area.

Policy 07A.01.02

Maintain a conservation rate structure for potable water that provides a minimum level of usage at a cost effective rate.

Policy 07A.01.03

Provide sufficient water to meet system designed fire flows while maintaining required system pressure.

Policy 07A.01.04

Comply with all potable water standards and reporting requirements.

Policy 07A.01.05

Potable water service providers should explicitly notify customers of supply interruptions as soon as possible.

Policy 07A.01.06

Minimize the interruption of potable water service to customers and conserve water by responding quickly to breaks in water mains.

Policy 07A.01.07

Follow industry standards in disinfecting water mains in order to maintain optimum chlorine residual levels.

Policy 07A.01.08

The City of Pompano Beach shall review all proposed land use plan map amendments within the City limits for adequacy of water supplies.

Objective 07A.02.00 – Level of Service

The City of Pompano Beach shall maintain the level of service standard of 161 or less gallons per capita per day; the BCWWS District 1 LOS is 112 gpcpd and the BCWWS District 2 LOS is 96 gpcpd.

Policy 07A.02.01

Capital improvement projects undertaken to maintain the established level of service standard shall be included in the Capital Improvement Element of the Comprehensive Plan and implemented through the 5-Year Capital Improvements Plan (CIP) which is updated annually. The 5-year CIP shall reference BCWWS water supply facility improvements being implemented by BCWWS if those improvements impact the City.

Policy 07A.02.02

The projected levels of service shall be the minimum levels of service maintained during the ten (10) year review period of the Consumptive Use Permit and ten (10) year Water Supply Facilities Work Plan planning periods during the planning horizon covered by this Comprehensive Plan which is ~~the 5-year 2020-2025 and 15-year time frame of 2026- through~~ 2040.
