Hello. My name is Howard Solomon.

I live on palm Aire drive north in one of the villas.

I am up north right now but wanted you to know I have grave concerns about the proposed building.

Traffic at the intersection with powerline is already awful and backs up most of the time.

I believe this building is too big and will bring too many cars to the area.

At a minimum if the project is forced through- which it should not be- there should be major traffic mitigation required of the developer.

Thank you

Howard Solomon
