MINUTES

A. Call to Order

B. Roll Call

Daisy Johnson	Linda Houston Jones
Jeanette Copeland <i>ABSENT</i>	
Mimi Botscheller	

Also Present:

Laura Atria (Public Art Manager)
Mike d'Oliveira (The Pelican)

C. Evaluate:

1. Approve or Deny Location and Mural Design

The meeting was called to order at 4:05 P.M.

Ms. Atria stated staff had gone before the NWCRA Advisory Board to discuss the two design options provided by the County for the E. Pat Larkins Community Center. The Advisory Board did not think the designs were appropriate for the E. Pat Larkins building; however, they did give staff permission to use the design entitled *Visionary* on another building located in the NWCRA. Staff then went to the Public Art Committee to discuss other location options. The PAC selected four possible locations. The best option for the new location is on the exterior back wall of the Bailey Contemporary Arts. The CRA and the Bailey have approved the location for the mural.

Ms. Botscheller stated that she feels this location is much more appropriate for the design.

Ms. Johnson was concerned with the mural being located in an alley.

Ms. Atria stated that the CRA is planning on turning this alley into a "mural alley". Two murals have already been installed in this alley way. The Bailey also holds a mural class in this location to teach children and adults about the mural process. The CRA holds their monthly Untapped Festival in this location which brings in foot traffic.

Ms. Houston Jones stated that she loves the mural and the partnership with the County. She thinks that this particular mural goes better in this location as opposed to the Pat Larkins Center.

Ms. Johnson asked if the NWCRA Advisory Board approved this location.

Ms. Atria stated that this location was mentioned but was not specifically designated. The NWCRA Advisory Board was fine with other locations in the NWCRA, just not the Larkins Center.

Ms. Houston Jones made a motion to approve the design of *Visionary* on the back of the Bailey Contemporary Arts. Ms. Botscheller seconded the motion; the motion passed unanimously.

D. Adjournment

There being no further business, the meeting was adjourned at 4:17 P.M.
