MEMORANDUM NO. 24-16

DATE: January 3, 2024

TO: Gregory P. Harrison, City Manager

VIA: A. Randolph Brown, Utilities Director

FROM: Mondy Claude, Utilities Business Operations Analyst

SUBJECT: Reuse Grant Execution with Broward County (BC)

The Utilities Department received a grant from Broward County's Integrated Water Resource Plan (IWRP) in the sum of \$175,000. The City of Pompano Beach will provide \$653,940.00 that exceeds the 50% required match. This grant will assist with the expansion of the reuse water distribution system that will benefit Pompano Beach, Lighthouse Point, Lauderdale-by-the-Sea and Broward County.

The project goals are to provide additional reuse water for irrigation to new customers in Lighthouse Point thus reducing potable water demand, mitigate saltwater intrusion, and assist Broward County in meeting the Ocean Outfall Legislation by diverting additional effluent intended for the Atlantic Ocean to the City's OASIS Plant. All Lighthouse Point Customers are required to connect to reuse by their ordinance.

The reuse expansion project is approved by the City Commission as part of the Utilities Department Capital Improvement Plan (CIP)
