### MINUTES

#### A. Evaluation

##### 1. Review and discuss Call to Artists

- a. The owner of Kelly's Chemicals, Tom McMahon, has approved the location of the mural on his building's wall and is very excited about the project. Mr. Tran asked if the City will need Mr. McMahon to sign a form giving the City permission to use the wall and if there were any insurance issues that will need to be discussed. Ms. Aycock received an e-mail from Mr. McMahon that stated his approval of the location and forwarded it to Ms. Atria. An Agreement for usage of the wall will be prepared. Mr. McMahon will be invited to the next subcommittee meeting where the committee will select the top three (3) final shortlisted artists. There were only minor grammatical corrections in the Call.
