Good Morning, Ms. Patton,

I believe the comments you reference ("Comments 19-22, 29 and 166-121 show as unresolved") are from prior DRC submissions.

In reviewing my most recent DRC Pompano E-Plan comments dated 05/02/2025, there is just one item remaining.

Please be certain that the CPTED & Security Strengthening plans for this project (Narrative & Drawing Diagram) are stamped "**CONFIDENTIAL**" when submitting for permitting as security plans are protected by Florida State Statute.

Thank you for your consideration & please let me know if I can provide any further information.

Respectfully,

Sheriff Gregory Tony, Ph.D.

Good morning. I am writing to clarify what is outstanding based upon the latest review of the Pompano Pickle project, PZ24-120000019 within the City of Pompano Beach. Comments 19-22, 29 and 166-121 show as unresolved and I am unsure as to how to address these items (comments too long to reiterate here). It was my understanding based upon the last DRC that we list the comments on the site plan which we did, so I am unsure why the comments still show up as unresolved.

Could you help to clarify so we can get your approval on these items?

Thank you.

Tara
