### APPLICANT'S REQUEST

The applicant is requesting to rezone a 12.1 acre parcel in the rear of the Citi Centre Mall, previously the location of the Macy's Department Store building and parking field. The Citi Centre property is south of Copans Road and west of Federal Highway. The rezoning is from B-3/PCD to RM 30. The land use designation allows for a maximum of 356 units. The requested rezoning to RM 30 will bring the zoning district into compliance with the land use category and the site will continue to be limited to a maximum of 356 units per the land use designation. The site plan submitted for the property is for 352 units which complies with the land use designation and the proposed RM 30 zoning district.

**C. Analysis**

As a criteria for rezoning, the Applicant must provide competent, substantial evidence that the proposed amendment is consistent with the Future Land Use Category and any applicable goals, objectives, and policies of the comprehensive plan and all other applicable city-adopted plans.

There are 10 policies in the Comprehensive Plan, provided in Section 'A' of this report, that are relevant to this rezoning request. These policies generally require: rezoning consistent with the land use designation; compatibility with adjacent properties; and adequate public facilities and service capacity to accommodate the demands of the project.

It is Staff's conclusion that the RM 30 rezoning is in conformance with the Irregular Density 29.5 du/ac land use designation and the RM 30 zoning designation would be the most logical zoning district for the site. The RM 30 zoning district is compatible with the adjacent land uses.

Staff finds there is substantial evidence to support this request.

**Department Recommendations**

Given the information provided to the Board, as the finder of fact, the Development Services Department provides the following recommendation, and alternative motions, which may be revised or modified at the Board's discretion.

Alternative Motion I

Recommend approval of the rezoning request as the Board finds the rezoning application is consistent with the

aforementioned pertinent Future Land Use goals and policies.

Alternative Motion II

Table this application for additional information as requested by the Board.

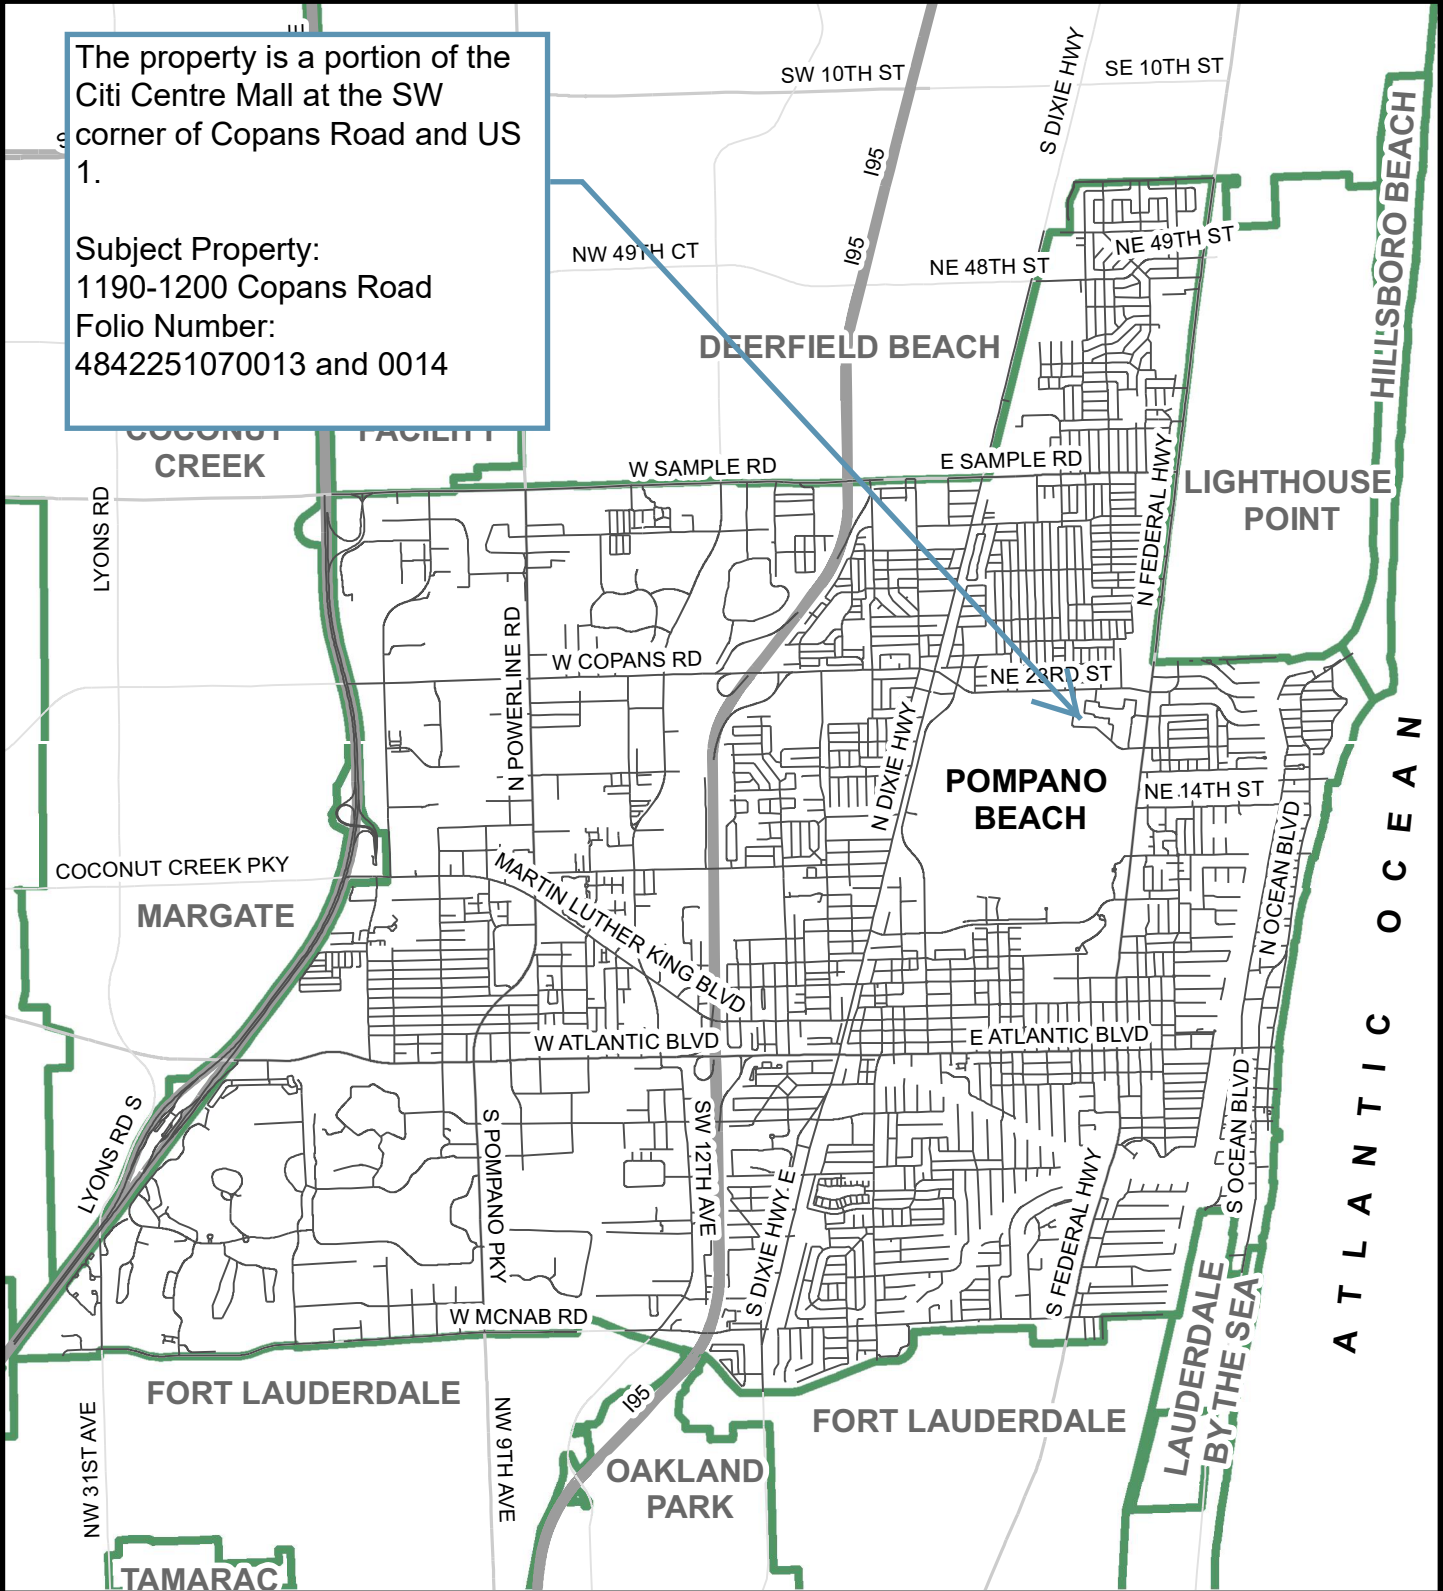

Staff recommends alternative motion number I.
