

* Maximum sign area = the lesser of 75% of sign band area OR 10% of full facade area (width x 21 ft height). Bay widths shown are approximate and subject to field verification.

Typical Future Tenant Sign Concept

The diagram below illustrates a typical future tenant sign as applied within the 4-foot sign band. Individual channel letters or a cabinet sign may be used, provided all size and placement standards in Section 2A are met. Corporate logos and trademarked colors are permitted.
