Introduction

The purpose of this Request For Proposals (RFP) solicitation is to receive development proposals from Residential Developers with proven experience, financial resources and professional expertise, to develop a high quality residential subdivision of properties owned by the CRA. These shall be for a single-family subdivision for Purchase or Lease. The project site is located between NW 6th Street and NW 7 Street, between NW 18 Avenue and NW 19 Avenue. The property is platted as "Hunter's Manor Community" Plat (Plat Book 183, Page 33) and contains approximately 9.6 acres. Legal descriptions and aerial map excerpted from the Property Appraiser's Office are described in Section I (C) of this RFP and the Recorded Plat is attached as Attachment 1. The Site is located within the Northwest CRA area boundary.

SECTION I: THE PROJECT

A. About the Northwest CRA

The Northwest CRA is vested by the State of Florida pursuant to its powers under Florida Statutes, Chapter 163, Part III, and the Community Redevelopment Act of 1969, as amended with the authority to request proposals for the redevelopment of an area within its

district in order to effectuate redevelopment pursuant to the goals and objectives of the CRA Plan.

The Agency exists as a dependent special district in the City of Pompano Beach as a distinct legal entity governed by a Board of Directors for the purpose of eliminating slum and blighted conditions within the prescribed geographic boundaries. The City Commission sits as the Board of Directors, which constitutes the six (6) member Board. The Northwest CRA district consists of approximately 3,084 acres which represents 22% of the land area of the City.

Empowered by the Redevelopment Act to undertake a broad range of activities designed to eliminate slum and blighted conditions, the CRA has certain powers including the power to buy, sell, assemble, hold, or dispose of property, and has the authority to issue redevelopment bonds and receive incremental ad valorem tax revenues from designated taxing authorities in order to fund its activities.

Use of Community Redevelopment powers will enables the CRA to make public improvements which will encourage and enhance potential private investment and neighborhood stability, prevent continuation of inefficient and incompatible land use patterns and assist revitalization and rehabilitation of older commercial and residential areas.

B. Intent

The intent of the CRA is to solicit developers for the development and construction of a quality single-family detached subdivision. The CRA would like to encourage development opportunities that expand the tax base, enhance the existing neighborhood, offer market rate housing opportunities and add to the quality of life in the area. The CRA envisions the homes to be of the same quality and construction standards, if not better than the adjacent neighborhoods to the east (Pompano Springs) and to the west (Ortanique Estates).

Redeveloped sites should help invigorate the area while adding new compatible uses that help create an identifiable sense of place as it fosters quality housing and helps create an environment that will attract other private development. It will be up to each Proposer to create a site that will be safe, compatible, functional, and is an enhancement to the adjacent community. The development shall be constructed to standards approved by the Florida Building Code and contain the minimum specifications according to the development type.

Factors that the CRA will use in judging the proposals include, but are not limited to, the proposer's experience and financing capabilities, the amenities of the development, neighborhood layout, quality of planning and architectural style of the homes. Other important factors will be the purchase or lease price of the land (if any), price point for the homes and the fiscal impact that the project will have on the surrounding area in terms of tax increment revenues. Common area maintenance will also be an important factor as a Homeowner's Association will need to be created to handle this common area.

C. Project Site

The redevelopment site consists of two (2) vacant parcels of land that has been platted as Parcel A and Parcel B of the Hunters Manor Community Plat. Through the Plat approval process, the property is entitled for a 65 unit, detached single-family subdivision. Total land
