AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF POMPANO BEACH, FLORIDA, AMENDING CHAPTER 70, "GENERAL PROVISIONS," OF THE POMPANO BEACH CODE OF ORDINANCES, BY AMENDING SECTION 70.11, "ILLEGALLY-PARKED VEHICLES," TO PROVIDE FOR THE USE OF ELECTRONIC PARKING ENFORCEMENT TECHNOLOGY; PROVIDING FOR SEVERABILITY; PROVIDING AN EFFECTIVE DATE.

(Fiscal Impact: N/A)

(Staff Contact: Jeff Lantz)

Jeff Lantz, Parking Manager, introduced the Ordinance, stating that the proposed item would allow staff to investigate technology to assist with parking enforcement. He then went on to describe the benefits of parking enforcement technology, noting that it has made great strides to assist cities nationwide. Lastly, Mr. Lantz stated that additional language will be added to the City's Code to allow the use of technology to aid parking enforcement within the city.

Mayor Hardin sought public input on the item and, receiving none, he moved on to Commission discussion.

Comr. Moss asked for further information about the technology.

City Attorney Berman said the proposed Ordinance would allow for the changes in electronic technology as it evolves. He added the code is written specifically for how a ticket is issued. The proposed Ordinance is general in nature and will prevent Mr. Lantz from returning to the City Commission frequently to ask for an amendment each time the technology changes.

Comr. Fournier said the Ordinance feels vague. She asked why they did not wait until they have a proposed system. Mr. Lantz said it is not for anything particular, but he is anticipating changing technology. Comr. Fournier stated she is worried about unintended consequences.

Mayor Hardin asked if new technology would result in savings. Mr. Lantz replied yes, it could be used in lieu of staff, if needed.

Vice Mayor McGee agreed with Comr. Fournier and would prefer it comes before the City Commission when a

specific technology is being proposed.

Comr. Perkins asked if Mr. Lantz would come before the City Commission when a new technology is decided upon. Mr. Lantz replied that he would discuss with City Management. Comr. Moss said if they passed the Ordinance, the answer is no.

Comr. Moss asked if they were giving up some of their authority. He said there are many unknowns that make him uncomfortable.

Suzette Sibble, Assistant City Manager, said it is highly likely they would return to the City Commission with information about new technology. She further stated they always let the City Commission and the public know when they are rolling out new initiatives.

City Attorney Berman stated this is just procedural should the City Commission decide to instruct staff.

Vice Mayor McGee would like to know more information about any specific technology before deciding.

Comr. Moss asked if they could rewrite the Ordinance to outline that any new technology be brought before the City Commission. City Attorney Berman replied affirmatively.

Mayor Hardin asked for clarification on the Ordinance. City Attorney Berman said the Code does not allow an issuance of a parking citation through use of electronic equipment. It must be viewed by an officer and placed on the vehicle. Mr. Berman offered to add language to the Ordinance about a review process by the City Commission.

Vice Mayor McGee reiterated she would want to know the specific technology, particularly around cameras.

Comr. Sigerson-Eaton asked when was the last time the Ordinance was amended. City Attorney Berman replied there were changes to parking but nothing to the enforcement method since he has been in office.

Comr. Sigerson-Eaton stated there are cameras everywhere; so, to be able to generate a fine or fee by electronic means is becoming more common.

Comr. Moss agreed with Comr. Sigerson-Eaton about cameras in public areas.

City Attorney Berman said he can add language to address the concerns.

A motion was made by Vice Mayor McGee, seconded by Commissioner Fournier, that the Ordinance / Regular Agenda be POSTPONED to the January 9, 2024 City Commission Meeting. The motion carried by the following roll call vote:

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF POMPANO BEACH, FLORIDA, AMENDING CHAPTER 34, "CITY POLICY," OF THE CITY OF POMPANO BEACH CODE OF ORDINANCES BY CREATING SECTION 34.009, "CITY'S LOGO," TO PROVIDE RESTRICTIONS ON USAGE OF THE CITY'S DESIGN MARK (LOGO) OR WORD MARK; PROVIDING FOR SEVERABILITY; PROVIDING AN EFFECTIVE DATE.

(Fiscal Impact: N/A)

(Staff Contact: Mark E. Berman)

City Attorney Berman introduced the item and highlighted the main points of the Ordinance, which are as follows:

(A) No one other than city officials and staff may utilize any adopted City Design Mark (Logo) or Word Mark for any purpose unless such has first been authorized by the City Commission or its designee.

(B) No adopted City Design Mark (Logo) or Word Mark may be utilized on any products, goods or services offered or which may be offered for sale, resale or other commercial use, unless approval for same has first been obtained from the City Commission or its designee.

(C) No adopted City Design Mark (Logo) or Word Mark may be utilized by any candidate for election or re-election to any city or other elected office on or as part of their election campaign materials, other than as depicted in photographs of city officials taken during the course of performance of their official duties.

Lastly, Mr. Berman said he worked to capture in the Ordinance previous matters that caused issues in the past, nonetheless he is willing to make any modifications as the City Commission sees fit.

Mayor Hardin sought public input on the item and, receiving none, he moved on to Commission discussion.

Mayor Hardin expressed appreciation for the item and he thanked Mr. Berman for keeping the Ordinance broad in scope and not narrowing it down to more than what was intended.

Comr. Fournier inquired about enforcing the Ordinance and whether, upon termination, city employees returned uniforms and other items containing the City's logo. She also asked what would happen if the items are given to Goodwill. City Attorney Berman responded, stating that he believes departments take back those items upon termination. With regard to enforcement, he did not add provisions of Section 10.99 to the Ordinance as the violations are not punishable by arrest or fines. He then outlined enforcement methods for violations of the Ordinance by employees, private companies, or elected officials. He noted the logo has been trademarked and is protected pursuant to Federal law.

Comr. Fournier asked if they are creating a situation where a designee has to approve the City logo on

everything. City Attorney Berman replied, stating that the intent of the Ordinance is to ensure the City's logo is being used appropriately and not used in the stream of commerce nor for one's personal advantage. In sum, Comr. Fournier expressed that she is not in favor of passing this Ordinance as it has no enforcement provisions and can have many interpretations.

Vice Mayor McGee asked if there is a definition in the Code of what constitutes use of the logo. City Attorney Berman said yes.

Mayor Hardin stated that, "Florida Warmest Welcome" is trademark protected along with the City's Service Mark. They are both protected by Federal copyright laws.

Customer Service and Capacity Fees

Customer Service Fees

- Last rate increase was in FY 2000
- Update miscellaneous fees on **January 1, 2024** to reflect cost of providing service

Water and Sewer Capacity Fees (Capital Recovery Fees)

- Updated analysis indicates capacity fees should remain at the same level
- **Next step** – evaluate the impacts of assessing the fee differently

Current Assessment Method – Meter Size

Current Assessment Method – Meter Size	Water Capital Recovery Fee	Wastewater Capital Recovery Fee
¾"	\$985	\$545
1"	\$1,675	\$928
1 ½"	\$3,252	\$1,801
2"	\$5,224	\$2,893
3"	\$9,857	\$5,458
4"	\$16,461	\$9,116
6"	\$32,823	\$18,177
8"	\$52,537	\$29,095
10"	\$75,603	\$41,869

Alternative Assessment – Gallons per Day

Potential Assessment Method	Water Use - Gallons per Day (GPD)	Water Capital Recovery Fee	Wastewater Capital Recovery Fee
Cost per gallon per day		\$3.28/gallon	\$1.82/gallon
Single-Family ¾" meter	300	\$985	\$545
All Others	Estimated gallons per day (GPD) water use	GPD X \$3.28	GPD X \$1.82

Alternative Assessment –Impacts

EXAMPLES from actual new developments

Customer Type	Total Capital Recovery Fees Paid based on Meter Size	Actual Gallons per Day Water use (GPD)	Fee under alternative assessment – water and wastewater	Variance
Commercial customer with 8” meter	\$81,632	16,000	\$81,600	-\$32
Multi-Family customer with <i>two</i> 8” meters	\$163,265	21,000	\$107,100	-\$56,165
Commercial Customer with 4” meter	\$25,577	13,000	\$66,300	\$40,723
Multi-Family customer with 4” meter	\$25,577	16,000	\$81,600	\$56,023

Alternative Assessment Considerations

- **Revenue impacts** - Changing the assessment could result in increased revenues but it depends on the type of development
- **Impacts on fees paid by new development** - Commercial development would more than likely have increased fees while multi-family development could have decreased fees.
- **Administrative burdens** – This approach requires more upfront information to calculate the fee, and monitoring, as you would have to audit accounts after a year to “true-up” the fee. This would require additional staffing to monitor usage, make annual adjustments, and developer tracking, all of which would be paid for by any gains from changing methodology.

Thank you!
