POMPANO BEACH

FY 2021 ANNUAL POMPANO BEACH PUBLIC ART PLAN

RECOMMENDED
FISCAL YEAR

2021

ANNUAL PUBLIC ART PLAN

FY 2021 Annual Public Art Plan

In accordance with Chapter 160.04(F), the Public Art Committee is responsible for submitting an annual report to the City Commission each year at the end of the 12-month term. The report will describe the Committee's accomplishments, give the status of current projects, provide information on future plans, and include an inventory of public art in the city.

By Lead Artist Sonata Kazimieraitiene

Grants Awarded

Innovation District
Pompano Beach Crossroads
Awarded 2017

The City received a \$100,000 Our Town “creative placemaking” grant from the National Endowments of the Arts (NEA) for a two-year grant period October 2017 – September 2019. *Pompano Beach Crossroads* is a collaborative project of the City and Community Redevelopment Agency (CRA). Projects associated with the Grant are featured in the City’s Creative Arts District. Public Art Projects completed associated with this Grant to this date are the *Trail of the Honey Bees*, a *Painted Pompano Round 2* sculpture located at the Cultural Arts Plaza, multiple murals located in Artists Alley, and *We Go Together*.

Innovation District
Community Foundation of Broward Grant - Art of Community
Asphalt Art - The Crossroads Connection
Awarded 2020

Using the guidelines of the Bloomberg Foundation’s recent publication, “Asphalt Art Guide,” this project, which is a match grant partially funded by the Community Foundation of Broward, involves community volunteers, artists and various city departments in the production of four (4) public asphalt street art murals and eight (8) storm drain murals along the City Hall/Cultural Center/Library portion of the Pompano Beach Crossroads Corridor. To date, the Crossroads Corridor Project has created a one-mile trail of public art, performance art, “drop-in” activities, and literary events that help connect our residents, businesses and visitors to each other. In addition to expanding community involvement in public art opportunities, the “Asphalt Art - The Crossroads Connection” Project also aims to educate our community. This education will take place through public artwork discussing the importance of protecting the City’s potable water supply by not disposing inappropriate and harmful

materials down our storm drains. The Grant began July 2020 and the program will take place over a one-year period.

Public Art Video Series

The Cultural Affairs Department and the Public Art Committee understand the need to adapt with these very unique times. The Department and the Committee have begun a Public Art Video series in order to inform and educate the public. These videos help create awareness as well as provide outreach. The videos also serve as a way to archive the Public Art projects and programs.

* Donations Given to and Managed by the Shipwreck Park, Inc. for Underwater Sculpture Garden

** Funded by the Parking Fund and Managed through CIP Manager

*** Funded by Pompano Proud

**** Funded and Managed through Engineering Division

***** Funded by Broward County

***** Funded by Development Services

Due to Covid-19, projects planned for FY2020 (Resolution # 2020-93) will be moved to FY2021. All Master Plan Projects planned for the next years will be moved to the following planned year. The Committee appreciates the City Commissions' patience and understanding during this unique time.

Projects moved from FY 2020 Annual Plan to FY 2021 Projects Include:

- A1A & Atlantic Median Sculpture (\$30,000) (District 1)
- Underwater Sculpture Park Sculpture (\$40,000) (District 1)
- Artist Town Plaza Mural (\$15,000 - funding reallocated from Fishing Village Project) (District 2)
- Mosaic Team Term 3 (\$50,000) (District 4)
- Opportunity/Contingency Projects (\$10,000)
- Maintenance (\$10,150)
- Program Management (\$35,000)
- Operations (\$5,000)

Grant Project Approved During FY 2020 (Resolution # 2020-165)

- Community Foundation of Broward Grant - Art of Community: *Asphalt Art - The Crossroads Connection* (Match Grant for a total of \$60,000; \$30,000 City match allocated from the City's Capital Reserve Fund) (District 3)

TOTAL AVAILABLE FUNDS FOR PUBLIC ART***: \$43,495 (Public Art) + \$94,406 (Utilities) = \$137,901 + \$200,000(FY20 CIP) = \$337,901**

TOTAL APPROPRIATIONS: \$195,150

REMAINING AVAILABLE UNCOMMITTED PUBLIC ART FUND BALANCE: \$357,751

*****= As of October 2020

Project Descriptions

- A1A & Atlantic Boulevard Median Sculpture (\$30,000): An artist/artist team will be commissioned to design, fabricate and install a free-standing sculpture located at the median of the terminus of Atlantic Blvd (intersection of Atlantic Blvd. and A1A). The sculpture's theme is modernizing the Oceanside sculpture that used to be placed near this location. Any necessary engineering and permitting will be the responsibility of the artist. The Call to Artists has been approved by the Public Art Committee.
- Underwater Sculpture Park Sculpture 2 (\$40,000): This is a program that will take place every two years until 2025. This will be the second sculpture as part of this program. The artwork itself has a budget of \$35,000 and a \$5,000 budget for installation and other fees concerning installation. An artist/artist team will design and fabricate a sculpture that will be displayed at the beach for one year. After a year, it will be submerged into the ocean and attached to *Lady Luck* in Shipwreck Park.
- Artists Town Plaza Mural (\$15,000): A mural will be commissioned by an artist/artist team to be installed on the back-exterior wall of Benzer Pharmacy and Odd Breed Brewery, located at 60 & 50 NE 1st St. The size of the wall is approximately 130' long by 20' high. The mural will be a significant gateway to downtown. Possible themes include patterns, simple and flowing, abstract, bright colors, festive, and welcoming. This project was requested by Mayor Hardin and the Benzer Pharmacy property owners. The funding for this project has been reallocated from the Fishing Village project. The Call to Artists has been posted and the Public Art Committee is currently reviewing designs.
- Mosaic Team Term 3 (\$50,000): The Mosaic Team is a multi-year program that consists of mosaic artworks created and installed by five apprentices, under the leadership of an experienced mosaic artist. Lead artist shall be responsible to pay the five (5) apprentices \$3,000.00 each for a total of \$15,000.00 each year. The City has the option to continue working with the current Mosaic Team lead artist Sonata Kazimieraiteine.
 - Lead artist and apprentices will develop mosaics for the front and back of the overpass columns under I-95 over MLK Blvd. Necessary permits from MOT must be acquired. Project budget \$50,000 including apprentices' payment.
- Opportunity/Contingency Projects (\$10,000): The Public Art Committee sets aside funding to be able to take advantage of unknown opportunities throughout the year. As stated in the Master Plan, this is flexible money for new project ideas. This money could also be used as a small contingency for unknown expenses associated with other projects. All purchasing thresholds and building requirements will be met. Staff can take recommendations to the City Commission if it is deemed appropriate. Anything that would otherwise need Commission approval will be taken to the City Commission. Any Opportunity/Contingency Projects will be reported in the next FY Annual Plan.

Grant Project Approved During FY 2020 (Resolution # 2020-165)

- Community Foundation of Broward Grant - Art of Community: Asphalt Art - The Crossroads Connection (Match Grant for a total of \$60,000; \$30,000 City match allocated from the City's Capital Reserve Fund): The Public Art Program was awarded the Community Foundation of Broward Grant - Art of Community Grant. The project has been approved by the City Commission under Resolution # 2020-165. Pompano Beach resident William

Savarese has been selected as the artist. The project focuses on community engagement activities that will serve as inspiration in designing four asphalt street art murals and eight storm drain murals. The engagement activities and final artworks are based on aspects that will improve the quality of life for the community, express connectivity, and touch on environmental issues. The final artworks will be representative of what the residents living in the community would like to see. The project started July 1, 2020 and will be completed June 30, 2021.

Administration and Maintenance:

- Maintenance (\$10,150): 7% of the cost of permanent work will be reserved for maintenance and used as needed.
- Program Management (\$35,000): The Public Art Program has grown to a level that requires an individual dedicated to the management as his/her sole responsibility. A part-time staff employee has been hired to continue to operate this program.
- Operations (\$5,000): This funding is set aside to operate the program. Expenses could be used for areas such as permitting, supplies, printing, administrative expenses, minor project needs, etc.

In Progress & Paused Projects

In Progress Projects

- Ali Cultural Arts Sculpture: *Le Corsaire* (District 4)
- Utility Wrap Phase 3 (All Districts)
- Mosaic Team Term 2 (District 1)
- Powerline Road Sculpture (District 5)

Paused Projects

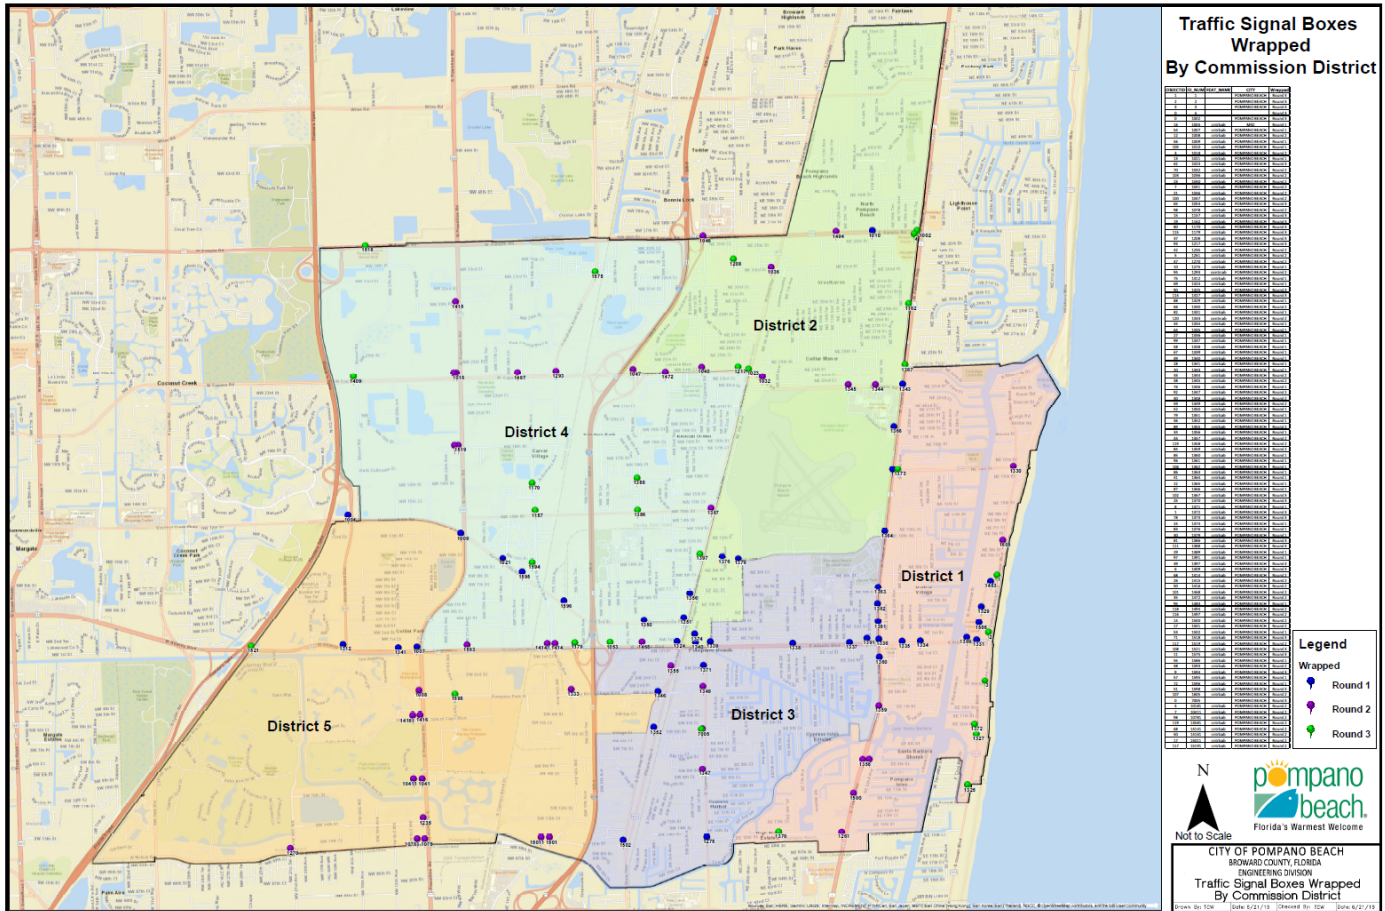

- Community Park Water Feature Project
- Blanche Ely High School Mural
- South Dixie Highway Project
- Cultural Center Crosswalk
- Art Installation in Collier City/McNair Park Mural
- MLK Mural 1, 2, & 3 (funds reallocated to Iconic Hero Bronze in the Northwest Community Project, project to take place in FY2022)

Project Descriptions

- Mosaic Team Term 2 (In Progress): The Mosaic Team is a multi-year program of mosaic artworks created and installed by five apprentices, under the leadership of an experienced mosaic artist. The lead artist is responsible to pay the five (5) apprentices \$3,000.00 each for a total of \$15,000.00 each year.

A Call to Artists was issued FY 2016 and lead artist Sonata Kazimieraitiene and her team of apprentices were selected for the Term 1. Ms. Kazimieraitiene's agreement was for a period of two years and the Committee has decided to extend Ms. Kazimieraitiene's residence for Term 2. The project will take place at the Beach. The exact locations and theme of the project have been approved by the City Commission. This project has been delayed due to Covid-19.

- **Utility Box Phase 3 (In Progress):** The Public Art Committee is in the progress of completing round 3 of the Utility Box Wrap project. The designs and locations have been approved by the City Commission. The Committee is currently working with the vendor to secure permits for Florida Department of Transit (FDOT) box locations. FDOT permits tend to take between six (6) to nine (9) months to be acquired. After this round, all traffic signal boxes in the city will be wrapped. See map below for locations. This project has been delayed due to Covid-19; however, all County and City owned utility boxes have been wrapped and permits for FDOT boxes have been received.

- **Ali Cultural Arts Sculpture / Sculpture on MLK between I-95 and Dixie Highway- *Le Corsaire* (In Progress):** This project was for a pre-fabricated sculpture located in front of the Historic Ali Cultural Arts on Dr. Martin Luther King, Jr. Blvd. The artwork, created by artist Linda Serrao, is entitled *Le Corsaire*. The sculpture has been purchased and is currently in storage while the Public Art Committee makes the appropriate arrangements for installation.
- **Powerline Road Sculpture (In Progress):** An artist/artist team will be commissioned to design, fabricate, and install a free-standing sculpture located on the east side of Powerline Road and McNab Road. This will be an entryway sculpture. Fee includes the creation of proper foundation and exterior lighting. An artist has been recommended by the Committee; however, City Commission approval and the project have been delayed due to Covid-19.
- **Community Park Water Feature Project (Paused):** An artist/artist team will be commissioned to design, fabricate and install a major outdoor sculpture with a water feature to be placed at Community Park. The Community Park also contains the Aquatic Center which is home to an

Olympic sized pool with two one-meter spring boards. The artwork budget will be \$147,000; \$3,000 will be used to fund shortlisted artists' designs. After further investigation with Public Works, the original approved location will not work. Public Works is recommending placing the artwork inside the Aquatic Center to keep the artwork close to a water source and to help with maintenance. The Project will be reevaluated by the Committee.

- Blanche Ely High School Mural (Paused): At the City Commission meeting on September 25, 2018, the Commission directed the Public Art Committee to research and commission a mural honoring Melvin Randall, the Blanche Ely Basketball Coach and Broward County Sports Hall of Fame inductee. The Public Art Committee is looking into placing the mural on an exterior wall located at Blanche Ely High School with a theme of the School's mascot the Mighty Tiger, and Coach Randall. The project is currently on hold for further information from the school board.
- South Dixie Highway Project (Paused): Originally budgeted for FY2016. This is an ongoing project and is currently on hold.
- Cultural Center Crosswalk (Paused): The project will create a temporary mural crosswalk on SE 1st Ave. from Pompano Beach Cultural Center to City Hall. This is a community engagement project and the selected artist(s) will work with residents/volunteers to install the artwork. The project will not only beautify the streets and connect City Hall and the Cultural Arts Center. Moreover, it will strengthen the community and provide a sense of pride and ownership to the finished artwork. The selected artist(s) will be responsible for any required permitting and must be available to make any repairs that happen within the two years of the completed installation. This project is currently on hold.
- Art Installation in Collier City/McNair Park Mural (Paused): An artist/artist team will be selected to design and install an artwork in Collier City. The exact location and form of artwork have yet to be decided. Possible artworks include a mural or sculpture. Original location noted in Master Plan: McNair Park Gymnasium Wall. This project is currently on hold while renovations to the Park are being completed.
- MLK Blvd. Mural 1, 2, & 3 (funding reallocated to Iconic Hero Bronze in the Northwest Community Project, project to take place in FY2022)
