P-18-21 Construction Services for Pier Street West

The MBR Construction's Team has considerable experience in both the design and construction industries, enabling their clients to take full advantage of the innovative construction management process. The diverse backgrounds of this team and their open, real, and timely approach combine to form a unique general construction service.

The firm structure revolves around the core team concept to work directly and continuously with each client regardless of what stage the project may be through completion. Staff members are assigned based on their specific relevant experience. Each project approach is tailored to client's objectives. For these specific projects we commit the following team:

Michael R. Boss, GC, Project Executive, brings the team his comprehensive experience with construction and business management gained in South Florida in the past twenty eight years. After graduating from college, Michael worked for his father's construction company working on public works construction, which benefited greatly from the addition of his strong technical and management skills.

Although Michael oversees a team of very highly qualified project managers, he has always been a "hands on" owner and will be the Principal in Charge and point of contact on this contract. Among his many qualifications, it is relevant to mention his extensive experience in leading our team in the coordination and completion of numerous General Construction Projects, Design Build Projects and Construction Management at Risk programs.

Michael has a proven talent for working through the many levels of details necessary for a construction project's success, and gives all clients of MBR Construction an unswerving dedication to service and honesty. In addition the best part of his experience has been gained by building parks throughout Broward County.

Vilma Rodriguez, Project Manager, has a Civil Engineering degree from her country of Venezuela where she worked for a residential building developer for 10 years as a Resident Project Engineer before moving to the United States.

Ms. Rodriguez has twenty five years experience as a project manager 17 of them with MBR Construction, Inc. as a Project manager for municipal, recreational, commercial, and institutional projects. As the project manager she is the primary client liaison, will be part of the design reviews and during the permitting phase of your project will ensure the process moves without a glitch, carefully reviewing documents before submittal. Vilma is very experienced with the permitting process and agency reviews.

MBR Construction, Inc. CGC1512261

1020 NW 51ST STREET, FORT LAUDERDALE, FL 33309 * Ph: (954) 486-8404 * Fax: (954) 486-9579

Once the Sub-contracts are issued she is responsible for managing all the subcontractor's contracts, the flow of all payment applications from sub-contractors, sub-consultants and client, gathering the required documentation for the project and reviews its compliance.

During the construction phase, she will be responsible for keeping a file and maintaining the flow of all project records, including as-builts, construction testing reports, inspection logs, and weekly reports, and ensuring that they are kept up to date by the Project Superintendent. Vilma is also responsible for schedule controls by maintaining schedules up to date, ensuring timeliness of the shop drawings submittal process, keeping all logs and meeting minutes updated, managing the flow of all RFI's, and correspondence between MBR Construction and client, subcontractors and sub-consultants.

During the final stage of the project he will be responsible for putting together a complete close out package that includes all projects operational and maintenance manuals, warranties, Architectural and Civil As-builts, Final survey, final inspection reports, certificate of occupancy and any other documentation required.

For the Pier Street West project we will designate Leon Woloch as the Project Superintendent; he is known as an outstanding contractor, spending much of his time out in the field building quality structures that will stand the test of time. He has many years of hands-on experience in residential, commercial and 10 years with MBR Construction as a superintendent projects in South Florida. These experiences have contributed to his intimate knowledge of construction techniques, which combined with his dedication to professional project supervision, helps MBR Construction complete projects on time and within the agreed-upon budget.

MBR Construction is ready, available, committed and qualified to work with you on these projects and welcomes the opportunity to work again for the City of Pompano Beach.

MBR Construction, Inc.
FEIN: 65-0373938

Michael R. Boss, President, CGC1512261

MBR Construction, Inc. CGC1512261

1020 NW 51ST STREET, FORT LAUDERDALE, FL 33309 * Ph: (954) 486-8404 * Fax: (954) 486-9579

We understand the importance of providing a single point of contact. Our management services centralize project responsibility with one person, the Lead Project Manager.

We believe there should be a clear communication channel with our client to ensure the success of the project. Our Project Manager will be reachable at any time by phone or electronic mail. One of our main objectives during the design development process is to accomplish the designer's intent, satisfy the client's program and stay within the budget constraints. This is an interactive process among all members of the Project Team and requires creativity with material selection and construction detailing. Our sensitivity to quality and detail, coupled with our expertise in cost effective construction add an extra dimension to the Project Team. By coordinating the project and identifying potential problems during pre-construction, we can avoid lengthy project delays. Also by thoroughly exploring the existing site conditions we can reduce the risk that any existing site conditions might impact Project completion time and cost, and thereby avoid any design modifications.

Before MBR Construction starts any project, a Guaranteed Maximum Price has been established. All team members will be coordinated by the lead Project Manager. On a weekly basis, the Project Manager and team members review the project development against the plan presented at the beginning of the project. The technical quality of the work is reviewed at three intervals. The emphasis of these reviews is to insure the construction documents adhere to the contract documents, stay within the budget price, and to coordinate with the associated disciplines to satisfy the program requirements. The team's cost estimator reviews the documents with emphasis on clarity of details and drawing comprehensiveness. In addition, they make recommendations on construction techniques utilizing proven cost effective systems to maintain the GPM established originally.

Phase I

Scheduling

The most important tool for the success of a Project is the Job schedule. MBR uses Microsoft Project to generate schedules on all projects. At the start of the project the Owner, architect and MBR will determine the level of scheduling detail that is necessary for the project. Our Project Manager will be responsible for up-dating the schedule in a timely manner. The main objective of a schedule is to develop a well defined, realistic flow of work activities

Design Phase

During this phase MBR Construction, Inc. will review existing conditions with the available as built documentation to ensure the Architect/Engineer is producing the design in accordance to the most accurate information available.

MBR Construction, Inc. will play a key role in assisting the design team to achieve a cost effective, high quality design that will meet the Client's program. This goal is achieved thru

design reviews at various stages. Also during this phase MBR will provide estimating, scheduling, and will identify long lead items to prevent delays.

MBR will develop a Guaranteed Maximum Price based on a complete set of design documents

Coordination of Team Members/Subcontractors

All team members will be coordinated by the lead Project Manager. On a weekly basis, the Project Manager and team members review the project development against the plan presented at the beginning of the project. The technical quality of the work is reviewed at three intervals. The emphasis of these reviews is to insure the construction documents adhere to the contract documents, stay within the budget price, and to coordinate with the associated disciplines to satisfy the program requirements. The team's cost estimator reviews the documents with emphasis on clarity of details and drawing comprehensiveness. In addition, they make recommendations on construction techniques utilizing proven cost effective systems

Project meetings

During the design phase, MBR will conduct progress meetings and generate reports of these meetings to ensure that critical design submittals dates are met.

Cost Estimating

MBR uses a customized estimating program, our estimating team is lead by one of MBR's Principals Ronald R. Boss with over 30 years experience to provide you with a complete and accurate GMP and we will allocate Federica Douaihi to working specifically on your project and she will be directly responsible for preparing, testing in the market place, explaining, and defending the estimates.

MBR performs take-offs from drawings, analyses bids and consults with knowledgeable subcontractors and develop estimates at various design phases. These will include system analysis and an examination of the relationship between elements.

This process is an open book to be reviewed by the Owner, Architect and Contractor's team.

Value Engineering

Value Engineering can be defined as the process of relating the functions, the quality, and the costs of the project in the determination of optimum solutions for the project.

Typically we apply the procedures of value engineering during the Design Development phases by our experienced team.

A building project and its costs are determined by a number of factors. Including its functions and purposes, its aesthetic appeal, its profitability, the owner's needs, the performance specifications of its architectural and engineering systems, the construction method and completion time, and its maintenance.

Subcontractor Bidding Phase

MBR Construction, Inc. will act as the owner's agent to get the best and most competitive pricing from subcontractors and suppliers.

The following are steps followed before awarding all contracts:

- Select from our list of Pre-qualified sub-contractors includes Small Disadvantaged Businesses to bid each portion of the project
- Advertise to Small Disadvantaged Businesses and Pompano Beach's local businesses.
- Prepare bid packages for each function
- Schedule pre-bid conferences as required
- Obtain multiple bids (minimum of three bids)
- Analyze bids thoroughly
- Verify that bids comply with City of Pompano Beach's CRA Prevailing Wage Ordinance on projects with construction cost of \$500,000.00 and above
- Meet with client to present our findings and obtain their approvals

Guaranteed Maximum Price

Calculate and provide a Guaranteed Maximum Price (GMP) to complete the project.

Phase II

Bonding requirements

-Provide Performance and Payment Bonds for the full value of the Guaranteed Maximum Price (GMP) for the project.

Permitting Phase

MBR Construction will work to obtain all permits necessary for the construction of all project through the specific agencies required on per project case.

County Level

- Surface Water Management License – B. C. Department of Environmental Protection
- SFWM Permit – South Florida Water Management
- B. C. Elevator Permit – B. C. Building Code Services Division, Elevator Section
- Water Main Construction Permit – B. C. Department of Environmental Protection
- Sanitary Sewer Permit – B. C. Environmental Protection Department
- Storage Tank License – B. C. EPD

State Level

- Florida DOT Permit for projects that require it.
- Florida DOT Access Management Permit for projects that require it.

Subcontractor Award Phase

Obtain bonds from all major subcontractors

- Negotiate Sub-Contract terms and Project Site rules
- Obtain bonds from all major subcontractors

MBR Construction, Inc. CGC1512261

1020 NW 51ST STREET, FORT LAUDERDALE, FL 33309 * Ph: (954) 486-8404 * Fax: (954) 486-9579

- Obtain copies of all up to date licenses and insurances.
- Award Contracts
- Obtain copies of all up to date licenses and insurances.
- Award Contracts

Construction Scheduling

The Principal objective of construction scheduling is to efficiently manage the resources used in the construction process. These resources include labor and supervision, material and supplies, equipment, general condition or jobsite overhead support items, and subcontractors (including material suppliers). The objective of the management effort is to effectively use the resources so as to accomplish the project and its individual activities within the budgeted cost.

The Construction schedule provides the principal measuring tool for evaluating progress. Circumstances and situations encountered in the construction process will affect the work that remains. An accurate updated schedule allows the contractor to identify and evaluate alternative plans in responding to the changes in project conditions that will result in the best project decision.

Shop Drawing Process

The timeliness of shop drawing submittal and the follow-up of timely approvals is critical for the scheduling flow. The goal is to ensure that all materials and equipment are available when the work for which their required is schedule to happen.

At the start of the Project MBR produces a list of shop drawings which require approval.

For each item we take into consideration the following:

- ✓ How long it takes the subcontractor to prepare shop drawings
- ✓ Delivery dates required for the item
- ✓ How long will the architect need to review the shop drawing
- ✓ What is the lead time

Once this information is gathered we prepare a shop drawing schedule. Each subcontractor is required by contract to adhere to the shop drawing schedule.

Monitoring and reporting

Monitoring the progress of individual activities according to the construction schedule and promptly adjusting to changing conditions means maximum savings for the owner.

MBR is capable of making good decisions because the project manager will have good and timely information available. This system of reviewing and recording the cost and production of individual activities and chains of activities usually results in good control of construction time and costs.

Project close-out and transition to occupancy

In this phase MBR Construction is responsible for the Project Quality control, Cost control, Communications with subcontractor, Budget and schedule control, Project communications, Construction document maintenance, Punchlist preparation and Project closeout

MBR Construction, Inc. CGC1512261

1020 NW 51ST STREET, FORT LAUDERDALE, FL 33309 * Ph: (954) 486-8404 * Fax: (954) 486-9579

Warranties

In this phase MBR obtain and review all warranties, operations and maintenance manuals and any other such documents, have them corrected as required.

Warranty Phase

The duration of this phase is one year from date of owner occupancy.

During this phase MBR will:

- Coordinate and supervise the completion of all warranty work
- Conduct warranty inspections and provide reports at 6th and 11th month of occupancy
- Provide Owner with As-built drawings
- Provide owner all warranties and guaranties

Substantiation

- Project meetings: During design stage there will be meetings with the client after every submittal stage to review their comments and the construction phase, MBR will conduct weekly progress meetings and generate written reports of these meetings

Design Stage Meeting Minutes: These reports will specify date of the meeting, list of attendees and a record of items discussed during the meeting to be noted or resolved. These Issues will be addressed and incorporated in the next submittal.

- Construction Stage Meeting Minutes: These reports will specify date of the meeting, list of attendees and a record of items discussed during the meeting to be noted or resolved. Items to be resolved remain in the meeting minutes as old Business until resolved.

- RFI: All requests for information will be issued to the client's rep in writing even those asked during project meetings will be followed up in writing.

- Logs are a solution to keep a record of:

Shop drawing submittals enabling us to monitor and prevent any delays of long lead items and also allows the client to review and determine that the requirements are met.

- Change orders requested by the client if additional work is required.

- RFI specifying which RFI's have been answered and which are pending. Date issued and date responded.

1. Project Name: **DESIGN BUILD SERVICES FOR WATERS EDGE PARK (2020)**

Scope of Work: Design build services for a new 6 acres park to include a 1,000 SF restroom/storage/IT room building, 9' wide concrete walk, 9 exercise ADA stations in covered area, full size basketball court NFHS compliant w/ asphalt, base and acrylic surface, Sand Volleyball court, (2) 24' Hexagonal shelters, 3,000 SF splash pad, 4,000 SF playground, site furnishings, fishing pier, parking, fencing, lighting, landscape, irrigation, WIFI/security.

Client: City of Tamarac
 Contact: Dibb Machuca / Project Manager
 Telephone: 954-597-3725
 Email: Dibb.Machuca@tamarac.org
 Original Contract Amount: \$ 3,938,269.95
 Final Contract Amount: \$ 3,973,116.72

2. Project Name: **FLAMINGO PARK IMPROVEMENTS (2018)**

Scope of Work: The entails Improvements to Flamingo Park which include the construction of a new Community Center, a metal building to house covered basketball courts, a soccer field, a splash pad with all amenities, the renovation of the existing community center, the demolition of an existing basketball courts, new site utilities and drainage improvements, new site lighting throughout the park, camera & security upgrades throughout the park, landscape and irrigation, fencing, sidewalk and pavement restoration. Installation of cameras, fiber optic cabling for cameras & network equipment.

Client: City of Sunrise
 Contact: Earl Prizlee / Project Manager
 Telephone: 954-597-3725
 Email: eprizlee@sunrisefl.gov
 Original Contract Amount: \$ 5,011,745.00
 Final Contract Amount: \$ 5,011,745.00

3. Project Name: **FLAMINGO WEST PARK – (2019)**

Scope of Work: Work included construction of (4) artificial turf fields (direct purchase), a new restroom and maintenance buildings, parking lot, boardwalk and concrete walkway, landscaping and irrigation systems, picnic shelters, Announcer’s Booth, miscellaneous improvements including bleachers, shade structures, benches, fishing pier and boardwalk.

Client: City of City of Cooper City
 Contact: Richard Freeman, Project Manager
 Telephone: (954) 434-2300
 Email: rfeeman@coopercityfl.org
 Original Contract Amount: \$ 5,265,301.00
 Final Contract Amount: \$ 5,306,419.36

MBR Construction, Inc. CGC1512261

1020 NW 51ST STREET, FORT LAUDERDALE, FL 33309 * Ph: (954) 486-8404 * Fax: (954) 486-9579

4. DELRAY BEACH MASTER PLAN PHASE 1 – (November 2017)

Scope of Work: Work entailed demolition of existing Sidewalk, gazebos, parking meters and signs. Construct 103,000 SF of decorative color concrete sidewalk with 3 colors and aggregates in a wave pattern, alongside the beach. Also, two beach pavilions, install showers, drinking fountains, benches, bike racks, dog waste station, surfboard rack, and trash receptacles. Reinforce, refinish and paint existing knee wall, sand dune landscaping and irrigation.

Contract Amount: \$ 2,292,494.42
 Final Amount: \$ 2,352,494.42
 Client: City of Delray Beach
 Contact: Isaac Kovner, P.E., Principal Engineer
 Telephone: (561) 322-5052
 Email: kovner@mydelraybeach.com

5. PARK DESIGN BUILD SERVICES FOR MICKEL PARK RENOVATIONS, SPLASH PAD AND PLAYGROUND (September 2016)

Phase I: The work includes sitework, parking, drainage and utility improvements; park lighting improvements, new fitness trail to include fitness stations, renovations to existing administration building, site furnishings, restroom building, picnic shelter, ADA playground, Large concert pavilion, outdoor covered bar area, 2 monument entrance signs, state fencing, renovation to existing athletic field, landscape and irrigation.

Contract Amount: \$ 1,402,436.00

Phase II: The work includes sitework, demolition of existing playground, clearing and grubbing, water and drainage service, new 1,000 SF splash pad feature and a 2500 SF Playground with shade structure.

Contract Amount: \$ 313,900.00

Name of Firm or Agency: City of Wilton Manors
 Contact: Patrick Cann/ Director of Leisure Services
 Telephone: 954-390-2130 / Email: pcann@wiltonmanors.com

6. Project Name: WINDMILL PARK IMPROVEMENTS (December 2018)

Improvements to Windmill Park included the construction of a new dog park pavilion with restrooms and renovation of the existing tennis building. Other improvements include creating a new parking lot, lighted concrete pathways with outdoor exercise stations, new playground equip and renovation of all sports courts.

Name of Firm or Agency: City of Coconut Creek
 Contact: Brian Rosen, Project Supervisor
 Telephone: 954-973-6780/Email: brosen@coconutcreek.net

Contract Amount: \$ 4,533,321.00 Final Amount: \$ 4,597,863.50

MBR Construction, Inc. CGC1512261

1020 NW 51ST STREET, FORT LAUDERDALE, FL 33309 * Ph: (954) 486-8404 * Fax: (954) 486-9579

**7. NEW DEVELOPMENT REVITALIZATION OF OCEAN PARK PHASE 1
– (February 2017)**

Scope of Work:

The work entailed renovation to Dania Beach Park, included dune crossovers to take beachgoers from the parking lot, up and over the dunes, & onto the beach, dedicated vehicular drop-off made of decorative conc. tropical hardwood accents, signage, seawalls, & oolite block retaining the dunes, two sand volleyball courts, barbeque areas, hammock groves, a future kayak rental building; renovations of one existing restroom building and construction of a new restroom building

Contract Amount: \$ 1,459,835.00

Contract Amount: \$ 1,583,007.25

Client: City of Dania Beach

Contact: Ronnie Navarro, City Engineer

Telephone: 954-924-3615

Email: rnavarro@ci.dania-beach.fl.us

MBR Construction, Inc. CGC1512261

1020 NW 51ST STREET, FORT LAUDERDALE, FL 33309 * Ph: (954) 486-8404 * Fax: (954) 486-9579

8. SULLIVAN PARK – (January 2017) New Development

Scope of Work:

The work will include but not be limited to clearing, demolition, installation of drainage system, curbing, sidewalks, road & parking reconstruction, landscaping, lighting, paving, playground equipment, 5,000 SF water play feature, boat dock, restroom building, and stair tower, relocation of the water mains and other construction services with the exception of the removal and undergrounding of FPL overhead power lines.

One of the most exciting parts of this project was the watching the evolution of an ART project component that consisted of a handmade tile mosaic assembled by the community led by an local artist and installed by MBR Construction.

Original Contract Amount: \$ 3,790,343.00

Final Contract Amount: \$ 3,760,634.83

Client: City of Deerfield Beach

Contact: Mark DiMascio, Project Manager

Telephone: 954-952-0221 / Email: MDiMascio@deerfield-beach.com

Bidder shall submit a list of parking lots completed in the last five years, projects of similar scope and scale (or larger) and shall, for each project listed, identify location; dates of construction; project name and overall scope; scope of work that was self-performed by Contractor; and client's name, address, telephone number and e-mail address.

Note: Do not include proposed team members or parent/subsidiary companies as references in your submittals.

A. PRIME BIDDER'S NAME: MBR Construction, Inc.

CLIENT NO.1 - Name of firm to be contacted: City of Tamarac / Public Services Dept.

Address: 7525 NW 88th Ave, Tamarac, FL 33321

Contact Person: Dibb Machuca / Project Manager

Phone No: (954)597-3725

Contact E-Mail Address: Dibb.Machuca@tamarac.org

Project Performance Period: 4/20/2018 to 1/20/2020
Dates should be in mm/yy format

Project Name : Water"s Edge Park

Location of Project: 7508 NW 61st Street, Tamarac, FL 33321

Overall Construction Cost: \$ 4,103,683.33

Description of the overall scope: DEVELOPMENT OF A 5.93 ACRE PARCEL OF LAND TO INCLUDE RESTROOM BLDG FACILITY, SPLASH PAD WATER PLAY, BASKETBALL & VOLLEYBALL, COURTS PLAYGROUND AREA, FITNESS STATION, PICNIC SHELTERS, FISHING PIER, DRAINAGE, WATER & SEWER SYST, SITE LIGHTING, PARKING LOT, CCTV SECURITY SYST.

Description of work that was self-performed by Bidder:

Excavation, grading, pavers, curb, PIP concrete, masonry.

CLIENT NO.2 - Name of firm to be contacted: City Of Sunrise / Capital Project Section

Address: 777 Sawgrass Corporate Parkway, Sunrise, FL 33323

Contact Person: Earl Prizzle

Phone No: 954) 888-6002

Contact E-Mail Address: EPrizlee@sunrisefl.gov

Project Performance Period: 10/2/2017 to 3/8/2019
Dates should be in mm/yy format

Project Name : Flamingo Park Improvements

Location of Project: 12855 NW 8th Street, Sunrise, FL 33323

Overall Construction Cost: \$ 5,822,453.35

Description of the overall scope: PARKING LOT, STRIPING, CURBS, PAVERS

BASKETBALL COURT FENCE AND CONSTRUCT NEW COMMUNITY CENTER BUILDING,
CONSTUCT A NEW COMMUNITY CENTER BLDG, 3 NEW COVERED BASKETBALL COURTS,
NEW BATTING CAGE, NEW DRAINAGE SYST, NEW SITE LIGHTING & CCTV SECURITY SYST
NEW SPLASH PAD WATER PLAY, NEW SWING SET & CANOPY, REGRADE SPORT FIELDS.

Description of work that was self-performed by Bidder:

Excavation, grading, pavers, curb, PIP concrete, masonry.

CLIENT NO.3 - Name of firm to be contacted: Stantec

Address: 800 Fairway Dr. Suite 195. Deerfield Beach FL 33441

Contact Person: Jeffrey Crews

Phone No: (954)481-2812 x-235

Contact E-Mail Address: jeff.crews@stantec.com

Project Performance Period: 8/1/18 to 7/31/19
Dates should be in mm/yy format

Project Name : Flamingo West Park

Location of Project: 6201 S. Flamingo Rd., Cooper City 33330

Overall Construction Cost: \$5,306,419.36

Description of the overall scope: Sports Park including 2 buildings, bleachers, nature walk, pavers,
lighting and parking lot.

Description of work that was self-performed by Bidder:
Excavation, grading, pavers, curb, PIP concrete, masonry.

CLIENT NO.4 - Name of firm to be contacted: City of Weston

Address: 2599 South Post Rd. Weston FL 33327

Contact Person: Bernard Eugene

Phone No: (954) 385 - 2600

Contact E-Mail Address: beugene@westonfl.org

Project Performance Period: 10/15/18 to 9/4/19
Dates should be in mm/yy format

Project Name : Indian Trace Park Renovations

Location of Project: 400 Indian Trace, Weston FL 33326

Overall Construction Cost: \$2,267,927.97

Description of the overall scope: New Parking Lot, New Restroom Building, Site Lighting
and Hardscape.

Description of work that was self-performed by Bidder:
Excavation, earthwork, PIP concrete, masonry, pavers, signage.

CLIENT NO.5 - Name of firm to be contacted: City of Delray Beach

Address: 434 S. Swinton Ave. Delray Beach FL 33444

Contact Person: Isaac Kovner

Phone No: (561) 243-1341

Contact E-Mail Address: kovner@mydelraybeach.com

Project Performance Period: 5/23/19 to 12/17/19
Dates should be in mm/yy format

Project Name : Delray Beach Master Plan Phase 2

Location of Project: 2 S. Ocean Blvd, Delray Beach FL 33444

Overall Construction Cost: \$3,313,767.00

Description of the overall scope: Asphalt Paving, asphalt paint & stamp, site lighting, parking spaces, dune fencing, pavers & site amenities.

Description of work that was self-performed by Bidder:
demolition, excavation, earthwork, concrete, pavers, dune fencing, site amenities.
